

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

History, Condition, and Management." The volume contained 39 chapters by as many as twenty eminent specialists in subjects relating to libraries. In the annual report for 1884-85 was published a list of 5,338 libraries of 300 or more volumes; 2,988 of these libraries had 1,000 or more volumes. This list was reprinted in a pamphlet of about 100 pages. A valuable chapter of about 70 pages appeared in the 1886-87 report devoted to "Libraries in the United States." The statistics of 1,779 libraries were published in seven tables, classified as follows: (1) Free public lending libraries, (2) free public reference libraries, (3) free public school libraries, (4) free corporate lending libraries, (5) libraries of clubs, associations, etc., (6) subscription corporate libraries, and (7) circulating libraries proper. In 1893 this Bureau published 20,000 copies of a circular of information of 213 pages, giving the statistics of 3,503 public libraries in the United States having 1,000 volumes and over. The statistics collected were for the year 1891. Also in 1893 the Bureau published 20,000 copies of "Catalogue of A. L. A. Library, 5,000 volumes for a public library selected by the American Library Association and shown at the World's Columbian Exposition." So great was the demand for this publication that a second edition was printed in 1896. This special report contained about 600 pages. The papers prepared for the American Library Association for its annual meeting held at Chicago in 1893, and read before the World's Library Congress at the Columbian Exposition, were printed in the Education Report for 1892-93. These papers, which were prepared by about twenty leading members of the association, occupy 324 pages of the above-mentioned report, pages 691-1014. A small edition of the matter was reprinted in a separate pamphlet. One of the most popular publications of this Bureau is Cutter's Rules for a Dictionary Catalogue, which was published in 1876 as Part II of the special library report of that year. The third edition was published in 1891 in a pamphlet of 140 pages. The special report issued by this Bureau in 1886 on "Educational Exhibits and Conventions at the World's Industrial and Cotton Centennial Exposition, New Orleans, 1884-85," contained much valuable matter in relation to libraries. This report is now out of print, as are all the earlier reports above mentioned. In addition to the statistics of college and school libraries published every year in the annual reports of this Bureau since 1870, many of the reports have contained valuable facts concerning libraries in foreign countries. This is particularly true of the reports from 1888-89 to 1895-96.

STATISTICS FOR 1896.

Five years having elapsed since the collection of statistics of public libraries published in Circular of Information No. 7, 1893, this Bureau sent out under date of April 1, 1896, forms of inquiry to all the libraries reporting to this office in 1891 and to several thousand others. Efforts were made to secure the names of all the libraries in the United States, but it was the purpose to publish a list of only public and school libraries having 1,000 or more volumes. Nearly 10,000 addresses were obtained and from this number about 8,000 responses were received. The number of libraries reporting 1,000 or more volumes was 4,026; the number reporting less than 1,000 volumes but not less than 300 was 3,167, while nearly 1,000 had fewer than 300 volumes each. To obtain the 8,000 reports it was necessary to send out 15,000 blank forms between the 1st of April and the 1st of August. Not more than 50 per cent of the librarians responded promptly, and many hundreds ignored the second and even the third requests for information. It is presumed, however, that most of the libraries from which no returns could be obtained were so small that those in charge of them did not deem them of sufficient importance to be included in the list. It is safe to assume that the list of 4,026 public and school libraries published in this report includes very nearly all the libraries in the United States having 1,000 or more volumes. (See page 366.)

THE STATISTICS IN DETAIL.

The list of the 4,026 public and school libraries begins on page 370 of this report, and gives for each library all the information that could be obtained. The information called for covered some 25 items. Most of the larger libraries in which records are carefully kept made reports which are full and satisfactory, but a large proportion of the small libraries did little more than report the number of volumes. For example, only 2,851 of the 4,026 libraries reported the number of volumes added during the past year, and only 1,852 reported the number of books issued for home use in the same time.

The list includes only the libraries reporting to this office. In cases where no reports could be obtained, after a third request, from libraries which appeared in the 1891 list, a special letter of inquiry was addressed to the postmaster. Wherever the library was reported as still in existence a fourth request for information was sent. These facts are recited to show that all reasonable efforts were made to secure returns from all libraries having 1,000 or more volumes.

THE REPORTS SUMMARIZED.

The number of volumes in the 4,026 public and school libraries in 1896 was 33,051,872, as shown in Table 1. This was an increase of 7,074,229 over the number of volumes reported by the 3,503 libraries of the same kind in 1891. Here is an increase of over 27 per cent in the number of volumes, while the increase in the number of libraries was scarcely 15 per cent. Unfavorable business conditions since 1891 have operated to prevent the establishment of many libraries, yet the cheapness of books has been favorable to the growth of existing libraries with fixed incomes. More than half the increase in the number of volumes was made by the libraries in the North Atlantic Division, which shows an increase of more than 28 per cent in the five years. The North Central Division also shows an increase of about 28 per cent in the number of volumes, while the Western Division increased its number of volumes nearly 40 per cent. The increase in the South Atlantic Division was 18 per cent and in the South Central 21 per cent. The number of libraries, the number of volumes, and the increase for each State can be seen in Table 1. It is also shown that the 4,026 libraries have 5,444,788 unbound pamphlets.

Table 2 shows at a glance the effective work of the libraries during the year ended April 1, 1896. The number of libraries reporting their reading rooms supplied with periodicals was 2,166, and the number of periodical publications thus furnished to the public was 116,248. Only 2,851 libraries reported additions made during the year, the number of volumes added being 1,591,861. The additions to the number of unbound pamphlets aggregated 439,412, made by 1,303 libraries.

The records kept in 1,852 libraries show that 35,075,055 books were issued to borrowers for home use. Only 594 libraries kept records of books issued for use in the library reading rooms. The number of volumes thus issued was 7,706,830. All these items are given by States and divisions in Table 2.

Table 3 shows that 765 libraries occupy their own buildings, and 548 occupy rented buildings. Of the 2,713 libraries not reported as owning or renting a large proportion are school libraries which do not pay rent and yet can not be said to own the rooms they occupy in college or school buildings.

This table also shows that 1,147 libraries are supported by taxation, 2,346 by corporations, and 14 derive their support from both these sources. The remaining 519 did not state how they are supported.

There were 1,558 libraries reported as free, 635 free for reference only, and 772 free to subscribers. The remaining 1,061 not reporting this item are in large part corporation libraries free to members.

The number of strictly circulating libraries was 342, the number of reference libraries 705, and the number classed as both circulating and reference 2,600.

Table 4 divides the 4,026 libraries into 19 classes, as follows: General, 1,560; school, 940; college, 626; college society, 54; law, 127; theological, 97; medical, 44; Gov-

ernment, 23; State, 26; asylum and reformatory, 87; Young Men's Christian Association, 84; Masonic, 14; Independent Order of Odd Fellows, 17; social, 57; scientific, 78; historical, 60; garrison, 14; mercantile, 10, and society, 108.

Table 5 shows the classification of libraries according to size. There are 2 libraries of more than 500,000 volumes each, 4 more having over 300,000 volumes, 28 additional having over 100,000, 69 more with over 50,000, 155 additional of over 25,000, 411 more having over 10,000, and 630 more with over 5,000. The remaining 2,727 libraries have less than 5,000 volumes each, but over 1,000.

Table 14 includes the names of the 627 public libraries having 3,000 volumes and over. These libraries are entirely free to the public. They have in the aggregate 9,062,363 volumes, as shown in Table 13.

EQUIPMENT AND INCOME.

Table 6 is a financial exhibit of largely more than half the libraries in the United States given by States and divisions. The total amount reported as received directly from taxation by 600 libraries was \$1,679,210, and the amount appropriated to 773 libraries by States, counties, and cities was \$1,513,362 for the year. The amount received from endowment funds by 594 libraries was \$1,035,052; 833 libraries received \$386,441 from membership fees; 303 libraries received \$38,684 from book rents; 625 libraries received \$529,350 from donations, while 1,017 received \$729,547 from sources not stated. The total income reported by 2,437 libraries was \$5,911,636 for the year ending April 1, 1896.

The permanent endowment funds of 605 libraries aggregate \$17,570,673. The aggregate value of the buildings owned by 567 libraries is \$33,291,259. The value of the books added during the year by 2,333 libraries was \$1,574,410.

The reader will find it interesting and instructive to examine in detail the statistics for each State as given in Table 6. This is the first attempt made by this Bureau to present a condensed financial exhibit of public and school libraries. Great care has been taken to give the number reporting each item so that in finding averages the libraries not reporting will not be included in the divisor.

THE GROWTH OF FIVE YEARS.

Tables 7 and 8 are arranged for comparison, the latter exhibiting certain statistics for 1891 and the latter for 1896. According to Table 7 there was in 1891 an average population of 17,877 to a library while, in 1896, as shown in Table 8, the population to a library was 17,376. The same tables show that in 1891 there were 41 books to each 100 of population, while in 1896 the number had increased to 47 volumes to each 100 of population. An increase is shown in each of the five grand divisions, but in certain States the increase in the number and size of the libraries did not keep pace with the increase in population. It is estimated that the increase in population from 1890 to 1895 was 7,331,750, or nearly 12 per cent. As already shown in Table 1, there was an increase in the number of libraries of about 15 per cent and in the number of volumes of more than 27 per cent.

The chart following Table 8 shows the relative number of volumes to each 100 of population in the United States in 1896.

THE GROWTH OF TWENTY YEARS.

Table 9 shows the number of libraries and the number of volumes in each State in 1875. There were in the United States 3,648 libraries of 300 volumes and over, having an aggregate of 12,329,526 volumes. Of the total number 2,039 had 1,000 or more volumes each, aggregating 11,487,778, while the remaining 1,609 libraries of less than 1,000 each had a total of 841,748 volumes.

Table 10 is a summary of similar statistics for 1884-85. There were 5,388 libraries, with a grand total of 20,722,393 volumes. In the list having 1,000 or more volumes there were 2,988 libraries, with 19,401,199 volumes; and in the list having less than 1,000 volumes, but more than 300, were 2,350 libraries, with 1,321,194 volumes.

Table 11 exhibits the statistics of the 3,158 libraries which in 1896 reported 300 or

more volumes, but less than 1,000. The total number of volumes was 1,544,386. Combining these numbers with those given in Table 1, it is shown that the total number of libraries reporting to this office in 1896 having 300 and more volumes was 7,192, and the aggregate number of volumes was 34,596,258.

By comparing Tables 9 and 10 it will be found that the per cent of increase in the number of libraries from 1875 to 1885 was 46, and in the number of volumes the per cent of increase was 68. A comparison between Tables 10 and 12 shows that the per cent of increase in the number of libraries between 1885 and 1896 was 35, and in the number of volumes the per cent of increase was 67.

THE SMALL LIBRARIES.

The statistics of the 3,158 libraries having less than 1,000 but 300 or more volumes are summarized in Table 11. The list of these libraries is not published in this report. As no special effort was made to secure reports from libraries having less than 1,000 volumes, it is believed that the number having between 300 and 1,000 volumes is largely in excess of the number given in Table 11. It is not improbable that there are in the United States 4,000 public and school libraries having less than 1,000 volumes, but having 300 or more.

Among the 3,158 libraries, the statistics of which are summarized in Table 11, there were 2,455 school libraries, 155 college libraries, 289 general libraries, and 259 of all other classes.

It will be observed that 1,043 libraries, with 510,154 volumes, are in the North Central Division, and 785 libraries, with 337,455 volumes, are in the Western Division. California alone has 699 of these libraries, with 294,644 volumes. This is explained by the fact that the State provides for district school libraries. There are hundreds of such libraries of less than 300 volumes each, and doubtless many larger ones, not reporting to this office. The report of the State superintendent of public instruction for California for 1894 showed that the district school libraries of that State contained 711,161 volumes, and that these libraries were valued at \$689,652. The amount expended for books for these libraries in 1894 was \$55,722, and there remained a balance to the credit of the library fund of \$55,007.

New York stands next, with 213 school libraries, in this list. Ohio has 127, Pennsylvania 123, and several other States have over 100 each.

Since the statistics in the following pages were tabulated and summarized returns have been received from the following libraries having 1,000 volumes and over:

McLean Seminary Library, Simsbury, Conn., 1,200 volumes; Library of Danvers Historical Society, Danvers, Mass., 1,200 volumes; Library of New England Society, Orange, N. I.

LEGISLATION FOR THE INCORPORATION OF LIBRARY ASSOCIATIONS, SOCIETIES, ETC.

The library, like every other institution of organized society, is dependent upon legislation for its existence and development. The progress of library development at first was very slow. It has grown from very small beginnings. It is an outgrowth of a demand of the people. In the beginning, the existence of the library was recognized by legislation. In the next place, the preservation of the library was a special object of legislation. As an example, the library of the Rev. Thomas Bray, D. D., founder of the Society for the Propagation of the Gospel in Foreign Parts, may be mentioned. The legislative assembly of South Carolina, on November 16, 1700, passed an act in behalf of this library. In 1715 North Carolina passed a similar law for the preservation of a library sent over by Dr. Thomas Bray to the town of Bath, for the use of the inhabitants of the parish of St. Thomas in Pamlico.

In 1731 a movement began which resulted in the formation of the Philadelphia Library Company, called "the mother of all North American subscription libraries." This company was incorporated in 1742, some ten years after its organization. In 1741 the Charleston, S. C., Library Company was organized, but did not receive its charter of incorporation until 1755.

From 1776 to 1826 many libraries were established which, though city institutions or otherwise limited, were in a general way important factors in the library movement, and were necessary and logical steps toward the free public library. The earliest legislation regarding libraries took the form of general laws which provided for the incorporation of cooperative library associations, generally known as proprietary, social, subscription, or even public libraries. There is now in a number of the States a general law providing for the incorporation of such libraries, namely: Colorado, California, Florida, Illinois, Indiana, Maine, New Jersey, New York, Massachusetts, Mississippi, Pennsylvania, Rhode Island, Tennessee, Virginia, West Virginia, Wisconsin, and there may be some others in which similar provisions prevail.

These libraries were intended to be free, and in fact many of them were substantially free public libraries. They were not supported by public taxation. As another evidence of the interest that the people manifested in this movement, libraries of a certain size were exempted from taxation. This is an indirect though often an efficient way of legislating for libraries. The libraries of associations, societies, or corporations, together with the buildings owned by such associations, are exempt from taxation in the following States: Arizona, California, Colorado, Georgia, Illinois, Indiana, Iowa, Kansas, Maryland, Massachusetts, Minnesota, Mississippi, Nebraska, Pennsylvania, Rhode Island, Tennessee, Vermont, Washington, West Virginia, and Wyoming—in all twenty-two. The increased interest in the subject is still further shown by legislative enactment in the following States: District of Columbia, Illinois, Kansas, Massachusetts, New Jersey, West Virginia, Wisconsin, by which private libraries of a certain value are exempt from attachment as well as from taxation. Many libraries began under such encouragement.

II.

(a) DISTRICT LIBRARIES.

In this chapter it is proposed to discuss mainly the development of legislation regarding school district libraries. Governor DeWitt Clinton, of New York, in his message to the legislature in 1826, made a recommendation for the establishment of district libraries. In 1835 a law was passed by the legislature of that State establishing school district libraries. These are not to be understood as libraries for the schools, but for the people in the districts corresponding generally in areas with the school districts. In each district the voters were authorized to levy a tax amounting to the sum of \$20 with which to start a library, and \$10 annually thereafter for the support of the same.

In 1838 a law was passed appropriating the sum of \$55,000 annually from the income of the United States deposit fund. This fund at the expiration of three years might be used for the purchase of books, or for the payment of teachers' salaries, if the district so decided. In 1843 a special library fund was granted by law to the school districts for the purchase of school apparatus and the payment of teachers under certain conditions.

These school-district libraries increased in number until 1853, when they contained an aggregate of 1,604,210 volumes. This, says one writer, "was the high-water mark," for, according to the report of the State superintendent of public instruction for 1895, there was a general decrease until 1884, when the number of volumes reported in these libraries was only 701,437. From 1885 to 1891 there appears to have been a gradual improvement. From 1853 to 1894 the State expended on district libraries alone the sum of \$1,706,144.36.

The example of New York was followed by a number of other States, which also passed laws for the establishment of school-district libraries. Among these States were Massachusetts and Michigan in 1837, Connecticut in 1839, Iowa and Rhode Island in 1840, Indiana in 1841, Maine in 1844, Ohio in 1847, Wisconsin in 1848, Oregon in 1854, Kansas and Virginia in 1870, New Jersey in 1871, Minnesota and Kentucky in 1873, Colorado in 1876. This system did not prove a success in all of these States; in fact it did not prove an entire success in any of them, for the concurrent testimony from all is that the scheme was a failure. The want of success is attributed to various reasons. First, because the unit (the district) was too small; second, the amount of money annually raised in each district was insufficient; third, the number of volumes in each was too small to secure anything like public interest in the care, preservation, or circulation of the books.

Out of the failure of this system the States which enacted laws for the encouragement of the school district libraries learned from experience that additional legislation was necessary. Hence many of the States subsequently passed statutes providing for township libraries. That is, the town was made the unit, and local taxation became the means of support, in whole or in part, for these libraries.

(b) TOWNSHIP LIBRARIES.

The Massachusetts general court in 1848 passed an act authorizing the city of Boston to levy a tax of \$5,000 for the establishment of a free public library. This was a special act affecting only Boston, but it was the initial step. In 1851 this act was made to apply to all the towns and cities in the State. The act of 1848 for Boston is really the germ out of which has grown much of the library legislation in this as well as other countries. Mr. Fletcher, in his "Public libraries in America," says: "The first step in the movement for establishing public libraries * * * seems to have been taken by the Hon. Josiah Quincy, jr., mayor of Boston, in October, 1847. He proposed to the city council, and they passed, a request to the legislature that Boston be allowed to lay a tax to establish a free library. The legislature assented the same winter, and this was probably the beginning of such legislation in any part of the world. In 1851, other cities and towns claiming the same permission, the law was made general. The interest in libraries excited throughout England by the parliamentary investigation¹ already referred to (of which I shall say more presently), was perhaps the immediate cause of similar legislation in that country, but the leaders of the movement there confessed that the idea came to them from America."

New Hampshire, on July 7, 1849, passed a general law for free public libraries in all the towns of the State. It was the first law of its kind known in the history of library legislation. There is an interesting feature connected with library legislation in this State which it is well enough to mention. The town of Peterboro, in 1833,

¹ In 1847 a parliamentary commission was appointed; in 1850 commission made a report.

established a free public library which is still in existence. This library was maintained for many years in whole or in part by municipal authority, and is entitled to the credit of being one of the first, if not the first, public library in the United States supported by public taxation. Under date of August 7, 1875, the Commissioner of Education at Washington, D. C., wrote in a letter to the late Prof. Albert Smith, of this town:

"The first free public library supported or aided by taxation of which this Bureau has any account was established at Wayland, Mass., and was opened to the public in August, 1850. The second, at New Bedford, Mass., was opened in March, 1853. If the Peterboro town library was free to the inhabitants of the town prior to August, 1850, whether supported by municipal taxation or by the income of invested bonds, it furnishes the first example of a free library, and we shall be glad to give it the credit." In another letter, of August 12, 1875: "So far as any data are at present known to us, your library is the earliest of its kind. Should we obtain information of an earlier enterprise of the same kind, you will be duly informed."

(c) FREE PUBLIC LIBRARIES SUPPORTED BY THE STATE.

The legislation in New Hampshire and Massachusetts had the effect of stimulating the movement in other States, and general library laws were passed as follows:

Maine adopted a general library law in 1854; Vermont in 1865; Ohio in 1867; Colorado, Illinois, New York, and Wisconsin in 1872; Indiana and Iowa in 1873; Texas in 1874; Connecticut and Rhode Island in 1875; Michigan in 1876; Nebraska in 1877; California, Minnesota, and New Jersey in 1879; Montana in 1883; New Mexico in 1884; Missouri in 1885; Kansas and Wyoming in 1886; North and South Dakota and Pennsylvania in 1887; Washington in 1890, and Mississippi (embodied in a municipal law) in 1892.

In the District of Columbia,¹ Delaware, Kentucky, Nevada, North and South Carolina, and Oregon there has been no general library legislation. Provision is made by the Government for State libraries in the Territories. These libraries are for the use of the legislatures and the courts. In Kentucky general library legislation is now pending.

It may not be out of place here to call attention to the subject of school libraries. Two States are selected, and the legislation from these may be taken as typical of legislation with regard to this subject in other States. The provision invariably takes one of two forms, namely:

1. Permission is given to the school district (almost always our local educational unit) to tax itself for the purpose of securing a school library, or

2. The fund which is created by the State may be distributed to districts that have secured a certain number of books, or have taxed themselves to procure such books.

It will be observed that there are some general principles upon which the States have encouraged the formation of school libraries, but there have been different methods of operating them to secure the object for which they were founded. For instance, the two adjoining States of Michigan and Wisconsin deal with the subject in a somewhat different way.

In Michigan a "township library shall be maintained in each organized township, which shall be the property of the township, but be in charge of the township board of school inspectors." But then it is added that "any school district by a two-thirds vote at any annual meeting may establish a district library, which shall be entitled to its just proportion of books from the library of any township in which it is situated, and also to its equitable share of any library moneys remaining unexpended in such township at the time of the establishment of such district library, or shall afterwards be raised by tax or apportionment."

In Wisconsin "the treasurer of each town (not township) may withhold annually from the money secured from the State school fund for the several school districts an amount equal to 10 cents for each person of school age residing in the town for the purchase of books for a school library." Under this law more than one-half of the districts in Wisconsin have been supplied with helpful libraries. "Year by year," quoting the State superintendent, "as teachers and pupils learn to use these libraries to better advantage, they are becoming of greater value as educational agencies."

The States which passed these laws evidently recognized the principle that lies at the foundation of all legislation for free public libraries, that the library is and should be an essential part of the system of public education of the State, and, as such, should be maintained by public taxation; that it is the duty of the State to educate its citizens, and for that purpose public schools should be maintained. The public laws of many of the States had already recognized this principle. Here we see clearly set forth that the public library should complement the public school and be maintained in the same way as the public school.

¹ Since the above was written Congress has passed a general library law.

An efficient school system is hardly possible without the public library. From what has been said we see the tendency in library legislation. Encouragement and help on the part of the State has become more and more prominent. From 1849 to 1889 the laws enacted in many of the States granted to the cities, towns, and communities nothing more than the right to establish and maintain public libraries. Permissive laws were unsatisfactory, and mandatory ones began to take their place.

About the year 1890 a new era began to dawn. The State becomes more than a passive agent; it takes action; it begins to manifest interest in the establishment of these libraries; it appropriates money for their support by appointing library commissions and providing, in some cases, for instruction in library economy, management, etc. Henceforth the establishment and maintenance of the public library is declared to be a proper object of municipal expenditure. Massachusetts, on May 28, 1890, passed such a law; New York, April 27, 1892; New Hampshire, March 22, 1893; Maine, March 31, 1893; Connecticut, June, 1893; Wisconsin, April 19, 1895, and the District of Columbia March 18, 1896. Kentucky and New Jersey have such laws pending, so that most of the States now recognize fully the importance of making the library free, and are already carrying out the idea so beautifully set forth by Mr. George Ticknor in his letter to Edward Everett in 1851, which is as follows:

"I would establish a library which differs from all free libraries yet attempted—I mean one in which any popular book tending to moral and intellectual improvement shall be furnished in such number of copies that many persons can be reading the same book at the same time; in short, that not only the best books of all sorts, but the present literature of the day, shall be made accessible to the whole people when they most care for it, that is, when it is fresh and new. I would therefore continue to buy additional books of this class almost as long as they are asked for, and thus, by following the popular taste—unless it should demand something injurious—create a real appetite for healthy reading. The appetite once formed will take care of itself. It will, in a great majority of cases, demand better and better books."

(d) RECENT STATE LIBRARY LAWS.

The following observations and suggestions on this subject have been contributed by Mr. Frank C. Patten, librarian of the Helena public library, Helena, Mont.:

The new educational movement for public libraries is everywhere a very rapidly growing one. These libraries are fast increasing in size and usefulness as well as in number. For the promotion of the best interests of this great movement experience shows that a good State library law is a very important factor. Such a law, by laying out a plan, encourages the establishment and promotes the growth of public libraries. It is easier in any community to awaken interest in a library project if there is set forth in the State law a way of organizing the library that has proved successful elsewhere. The West is not behind in other educational good works, and it need not be in the matter of library legislation.

Every year several of the States either make new library laws or make amendments to existing laws. The advance in library legislation in the last few years is as marked as is the growth of libraries. The following are believed to be the

BEST RECENT STATE LIBRARY LAWS.

Massachusetts, 1890.—To be obtained from State librarian, Boston, who is chairman of Massachusetts library commission.

Illinois, act amended 1891.—To be obtained from librarian Public Library, Chicago.

New York, 1892.—To be obtained from State librarian, Albany.

Connecticut, 1893.—To be obtained from Miss Carolina M. Hewins, librarian Public Library, Hartford, who is secretary of Connecticut public library committee.

New Hampshire, act amended 1895.—To be obtained from State librarian, Concord, who is a member of State board of library commissioners.

Wisconsin, 1895.—To be obtained from secretary State Historical Society, Madison, who is a member of the State library commission.

Michigan, 1895.—To be obtained from State librarian, Lansing.

In attempting the enactment of any new library legislation or of any amendments to existing laws a clear idea should be had of the essentials of a good State library law. The following provisions are in line with the dictates of experience in those States where most attention is given to public libraries:

(1) A SURE AND STEADY REVENUE.

The law should provide that, on the petition of, say, twenty-five taxpayers, the rate of taxation for public library support in any city, town, or other political unit shall be submitted to vote at general or special election. The rate should not be changed without another vote. This plan provides for what is of the utmost importance, a sure and steady library revenue, not subject to changes of city council

action. Under such a plan there need be no limit of rate placed in the State law, as no city will vote to tax itself too high for library support. A small place will, in fact, often fail to realize that in order to raise money enough to accomplish the object the tax must be at a much higher rate than in a large place. In Illinois the tax is in some places as high as 3 mills on the dollar.

(2) CAREFUL AND CONSECUTIVE MANAGEMENT.

In order to remove public library management from the influence of party politics the library and its property should be wholly left to the control of trustees selected from citizens of recognized fitness for such duties. Experience seems to show that in cities the proper board of trustees can best be secured by appointment of the mayor and confirmation by the council. Probably the best way is to provide for seven trustees, two to be appointed each year (one the fourth year) for a term of four years. This number is large enough to be representative and small enough to avoid the great difficulty in securing a quorum if the number is large. The length of term in connection with yearly appointment secures the much-needed continuity of management, and yet there is sufficient change of officers so that the board will not be too far removed from the public will.

(3) A STATE CENTER FOR LIBRARY INTERESTS.

Within a very few years each of several States has provided for a State library commission, to be in some sense the head of public library interests for the State. By having small traveling libraries of fifty or one hundred volumes each to lend for a few months to localities that have no libraries, and by having a little State aid to distribute wisely, the commission is able to encourage communities to do more for themselves in the matter of a library than they otherwise would. The commission gives advice concerning organization and administration whenever it is asked, and a yearly report is made of their work and of library progress in the State. The State library commission has proved to be a useful agency wherever tried, and the plan seems likely to spread throughout the country. The most complete State system has been provided in New York, where all center in the State library at Albany as headquarters. The library system of New York seems to be working very successfully.

New Hampshire was the first State to pass a compulsory law (1895) obliging each town to provide a public library.

The following outline gives the

IMPORTANT PROVISIONS FOR A STATE LIBRARY LAW.

General.—Purpose of public library broadly stated, perhaps in the form of a definition. It may include loan, reference, reading room, museum, lecture, art, and allied educational features. It may have branches. Mode prescribed for changing form of organization of a library to conform to new law.¹

Establishment of public libraries.—Any political body authorized to levy and collect taxes may establish the library itself alone, or conjointly with other such bodies, by vote at any election. Vote of electors given for special tax or bonds to provide rooms or grounds and buildings.

Maintenance.—By annual rate of taxation voted by electors to continue until changed by vote.

Management.—Wholly in hands of trustees constituting a board so formed as to be independent of party political control. Appointment by mayor and confirmation by council a good plan in cities. Membership to change gradually—one or two changes each year. Term of trustees not less than three years. Number of trustees not less than five. All property to be acquired, held, managed, or transferred by trustees. Requests and donations to the library to be held and managed for the public good by the trustees.

Protection.—Penalties for theft, mutilation, overdetention, and disturbance.

State publications.—All publications of the State to be distributed free to public libraries.

State library commission.—A body to be at the head of public library interests of the State, preferably to have the management of the State library and to center its work in that institution. The State university library might be a good center for the work. Members might be appointed by governor and confirmed by senate for a term of five years—one appointment each year.

¹Libraries for schoolrooms to be composed of reference books, books for supplementary reading, class duplicates, and books for teachers should be provided for in the public school law. School funds should be used and school authorities should manage these libraries. The business of lending books for home use is better and more economically managed by a public library organization.

What may be done by the commission.—Give advice and instruction in organization and administration. Receive reports from all public libraries of the State and render report. Manage the distribution of State aid. Manage system of traveling libraries.

Counties or school districts may wish to establish and maintain libraries, and a law should be worded as to allow it. It is probably most convenient to have the library year correspond with the calendar year. It is well to have the trustees appointed and the report of the library made at a different time of the year from either the spring or fall elections. The library is thus more likely to be freed from the influences of party politics. To have a library treasurer is probably the better plan, but library money may be kept in the hands of the city or town treasurer as a separate fund, and be paid out by order of the board of trustees only.

Special conditions peculiar to each State often dictate modifications of any general plan for a State law. Anyone interested in the matter for his own State could read the general articles upon the subject and the various State laws, and then, with the assistance of the best legal talent to be obtained, frame an act appropriate to conditions of his State.

III.

RÉSUMÉ OF LIBRARY LEGISLATION.

Alabama and Arkansas have no legislation on libraries.

Arizona, in its school laws passed in 1885, permits school trustees in townships where there are a hundred school children to use \$50 of the school fund and any donations they may receive for the purchase of books for the school libraries, which are to be free to the teachers and pupils and to residents on the payment of such sums as may be prescribed by the trustees.

California, in 1854, adopted a district library law similar to that of the State of New York. In 1878 a law was passed modeled after the Illinois statutes (see statutes of California). In 1880 an act was passed authorizing towns and cities to levy and collect taxes as in all other cases for the maintenance and establishment of public libraries and reading rooms. See page 533 of this Report.

Colorado.—In 1872 Colorado enacted a law modeled after the Illinois plan, but the towns and cities did not take advantage of this law. In 1893 an act was passed authorizing the school board in any district to levy a tax not to exceed one-tenth of 1 mill, the proceeds of which shall be used exclusively for the purchase of books for a library, to be open to the public under such rules as the district board may prescribe. The laws now in force are given on page 536 of this Report.

Connecticut.—In 1839 Connecticut passed a school library law, and a town library law in 1869. The public library laws of 1875 and 1876 permit towns and cities to establish libraries, but make no provision for their support by taxation. In 1881 a law was passed permitting towns to levy a tax of 2 mills on the dollar of valuation, the funds thus raised to be used for the support of public libraries; the fines for penal offenses may also be applied for the same purpose. In 1893 a law was passed making the State board of education a State library committee. This committee has the entire control of the public libraries of the State. (See p. 321 of the Public Acts of the General Assembly of Connecticut, 1893.) A full text of the law is given on page 538 of this Report.

Delaware.—The only library legislation in Delaware is an act to establish a State library.

District of Columbia.—A bill authorizing a municipal appropriation for the support of a public free library was passed by the House of Representatives on March 9, 1896. This bill carried an amendment assessing the cost of maintenance on the District and exempting Government property. On March 11 the Senate refused to concur in the amendment and the bill was laid over for conference of the two Houses. The bill, a copy of which may be found on page 539 of this Report, became a law June 3, 1896.

Florida.—In 1893 the legislature of Florida provided for the division of any county or counties into convenient school districts, and that any incorporated town or city might constitute a school district, and that money might be raised by taxation for the purchase of school libraries and text-books, for the salaries of teachers, and for other educational purposes. This act also provides that the school commissioners may perform all acts reasonable and necessary for the promotion of the educational interests of the county or district and for the general diffusion of knowledge among its citizens.

Georgia.—This State has no general legislation on the subject of public libraries. The law requires that "money derived from fines for nonattendance at the county institutes shall be used in purchasing teachers' libraries for the counties in which the fines are collected." In this way an attempt has been made to gather under the

county superintendent of education a library in each county in the State, but as the law has but recently been put in operation, very little has been done as yet toward a collection of books.

Idaho.—Idaho has no direct mandatory legislation as to public libraries; still there is a permissive act which gives the school districts the right to make purchases of library material to an amount not exceeding 25 per cent of the school fund for any one year.

Illinois.—In 1872 Illinois enacted a law with minute details for the establishment, government, and management of public libraries, and this law has been substantially copied by many of the Western States. It provides for a board of nine directors, an independent body nominated by the mayor and approved by the city council. This board has exclusive control of the library, with power to erect or lease buildings, etc. Towns and villages may levy a tax for the support of public libraries, the tax not to exceed 2 mills on the dollar. Cities of less than 100,000 inhabitants, 1 mill; cities over 100,000 inhabitants, one-fifth of a mill. The full text of this law may be found on page 540 of this Report.

Indiana.—In 1871 Indiana passed a law making provision for public libraries. This law is claimed to be one of the simplest and most concise of any legislation up to that date. In 1873 the library association law was extended so that the towns and cities were authorized to have libraries. In 1883 the old library legislation was so extended that the trustees of the town where a library was desired might levy a tax of not less than one-fourth nor more than three-fourths of a mill on the dollar of assessed valuation for the support of the same. The money thus raised was to be paid over to the officers of the library for the purchase of books and library equipment. See page 541 of this Report.

Iowa.—In 1840 Iowa enacted a district library law. In 1873 a town library law, embodying a single section, was enacted authorizing any city or town to levy a tax of 1 mill on the dollar of valuation for the support of a free public library.

Kansas.—On February 28, 1870, Kansas passed an act for the establishment of district school libraries. This proved unsatisfactory, as usual, and a free public library law was passed in 1886.

Kentucky.—In 1875 Kentucky adopted a general library law, but little progress was made under that law. A bill prepared by the alumnae of the Louisville high school providing for the establishment of a State library commission is now pending in the Kentucky legislature. It provides for the appointment by the governor of five commissioners who shall serve during 1896, without salaries, and shall make a careful study of libraries in other States, extending their inquiries into organization, maintenance, legislation, State systems, educational results of the work of libraries, and any other matters pertaining to the modern library movement. Not later than January 15, 1897, the commission shall make a report in writing to the governor, embodying the results of their inquiry and recommending such plans and legislation as in their judgment will best promote the educational interests of the people of the State through libraries. (A copy of this bill could not be obtained.)

Louisiana.—There is no library legislation in Louisiana, except that which pertains to the State library and to library associations. See library laws, page 546 of this Report.

Maine.—In 1854 Maine passed an act that provides that any town or city may raise by taxation \$1 on each ratable poll for the establishment of a free public library, and 25 cents annually thereafter for its maintenance. Under this law nothing was done, from the fact that the allowance was so meager that without aid from private individuals nothing could be done. By an act approved March 21, 1893, it was provided that any town may establish a free public library therein for the use of its inhabitants, and provided suitable rooms therefor, under such regulations for its government as the inhabitants from time to time may prescribe. See library laws, page 548 of this Report.

Maryland.—The Maryland Code, article 77, section 87, provides as follows: "For further encouragement of education, district school libraries should be established in each schoolhouse district, under the care of the teacher as librarian. For this purpose the sum of \$10 per annum is ordered to be paid by the board of county school commissioners, out of the city school funds, to any schoolhouse district as library money as soon as the people of the district raise an equal amount annually." See library laws, page 549 of this Report.

Massachusetts.—Massachusetts began in 1851 with a law similar to that of Maine. In 1859 a larger tax was allowed, and in 1866 a law was enacted similar to that of New Hampshire, allowing any city or town to raise any sum which it deemed necessary. An act in 1870 "for the establishment of districts for maintaining street lamps," granting power to "maintain street lamps, establish and maintain libraries, and maintain sidewalks." The law of 1890 provides for a library commission. Massachusetts seems to be the only State that has made and published a compilation of its library laws. The historical value of this compilation justifies its republica-

tion. On page 549 of this Report will be found the library legislation of Massachusetts from 1798 to 1890.

Michigan.—Michigan stands alone in having in the first constitution of the State the following clause: "The legislature shall also provide for the establishment of at least one library in every township." A school-district library law was enacted in 1859. This plan proved a failure, as it had done in all the other States which adopted it. In 1877 a free public library law, similar to that of Illinois, was passed. In 1881 an act was passed authorizing the qualified voters of any school district in which a district library "may hereafter be established, to vote a district tax for the support of said library," the tax to be levied and collected in the same manner as other township and school-district taxes. See library laws, page 566.

Minnesota.—Minnesota passed a district library law in 1867. In the same year a law was passed exempting libraries and their buildings from taxation, and in 1875 an act was passed for their protection. See library laws, page 568.

Missouri.—In 1885 Missouri passed a public library law very similar in character to that of Illinois. This law was prepared by Mr. Crunden, of the St. Louis Public Library, and follows the Illinois law, with slight variations. The law regarding district libraries is given on page 568.

Mississippi.—In 1892 Mississippi enacted a general library law (embodied in the municipal laws).

Montana.—In 1883 Montana passed a general library law, modeled after the Illinois plan. It provided that the municipal authorities of any incorporated town or city may establish a free public library, and may levy a tax for its support not exceeding 1 mill on the dollar of assessed valuation. The law provides that the question of establishing a library must first be submitted to the voters of the district for acceptance or rejection.

Nebraska.—In 1877 Nebraska enacted a general library law, also modeled after the Illinois plan, but going more minutely into details. See library laws, page 568.

New Hampshire.—As has been noted elsewhere the first free public library (supported by municipal authority) was established in New Hampshire in 1833. This State enacted the first general free public library law in 1849. This law is very simple in form, and its main features remain unchanged. Any town may raise and appropriate money for establishing and maintaining a library without limitation as to amount and as to management (the money to be raised by ordinary taxation). In 1877 an act was passed for the protection of public libraries, and in 1891 the public statutes of New Hampshire, chapter 8, sections 21 to 26, provides a law for the support of free public libraries by the State. See page 571.

New Jersey.—New Jersey, following the example of many other States, has modeled her library laws after Illinois. An act was passed in 1884 which provides that upon the approval of a majority of voters at a special election it shall be the duty of the authorities to levy a tax of one-third of a mill on the dollar of assessed valuation for a public library fund. The board of trustees, composed of the mayor, superintendent of public instruction, and five others appointed by the mayor is made a corporate body to serve without pay. The act further empowers three or more persons to organize a corporation for the purpose of establishing a free public library. See school library laws, page 572.

New Mexico.—New Mexico, under an act of 1884 with regard to municipal corporations, allows the council or trustees of any city or incorporated town to appropriate money for a public library, provided the annual appropriation shall not exceed 1 mill on the dollar of assessed valuation, and the law further provides that no appropriation shall be made until the proposition has been submitted to a popular vote.

Nevada.—So far as can be learned, Nevada has no library legislation of any kind.

New York.—As has been noted fully elsewhere, New York passed a district public library law in 1835. In 1838 the general assembly appropriated \$55,000 annually for the support of these libraries. As elsewhere, however, these district libraries proved a failure. Under a provision of the school law in 1847, there were a number of free libraries supported indirectly by taxation. In 1872 a public library law was passed providing that upon the written petition of the majority of all the taxable inhabitants of any village, town, or city, its common council, board of trustees, or town auditors, may establish and maintain a free public library, each qualified voter being required to pay \$1 for the foundation, and 50 cents annually thereafter for its maintenance. In 1885 the law was amended so as to include public reading rooms with or without libraries. It is not known that a single library was established under this law. In 1886 a law was passed to encourage the growth of free circulating libraries in the cities. On May 13, 1887, an act was passed providing for libraries in towns and cities of less than 30,000 inhabitants. In 1892, an act for the encouragement of common school and public libraries was passed and approved by the governor on May 14. See library laws, page 572.

North Carolina.—This State has no recent legislation other than that pertaining to

the State library. On page 576 will be found the laws in full, beginning in 1715, and including all legislation in regard to libraries.

North Dakota.—In 1890 the legislature of North Dakota passed a law for the establishment and maintenance of a law library for the State University. In 1891 a law was passed for the purchase of reference and pedagogical books for a State educational library in the office of the superintendent of public instruction. In the same year a law was passed for the establishment of district school board libraries. For library laws, see page 584.

Ohio.—The first public library laws in Ohio were passed in 1867. Other laws were enacted in 1873 and 1875. Under the school library law of 1855 the State had an experience similar to that of New York, and in 1868 it was a question what to do with the books of the school libraries of the State. The present free public library law authorizes towns and cities to raise money by taxation for the establishment and maintenance of libraries. The law further provides that in cities of 20,000 inhabitants and over, the board of education may appoint a library commission of three who shall have entire control of the library, its administration, appointment of officers, etc., and even the levying of taxes for the support and increase of the library, but this commission is amenable to the board of education. See library laws, page 585.

Oregon.—The only information obtained from this State is the following regarding school libraries, taken from the school laws of 1893:

"SECTION 37a. The directors of school districts are hereby allowed to purchase from time to time, with the common school fund for their districts, such books of reference and apparatus as the interests of the school demand; and the books of reference and apparatus shall be kept at the schoolhouse during each term of school, for the use of the teachers and pupils: *Provided*, That the yearly expenditures therefor shall not exceed \$50 in districts receiving \$500 or over from the common school fund, and 10 per centum thereof in districts receiving less than \$500 therefrom."

Pennsylvania.—Pennsylvania has a district library law passed in 1864, and a general library law for the incorporation of library associations was passed in 1874. A law has been passed by the legislature appropriating all taxes on dogs for the support and maintenance of public libraries now organized, provided the library company shall provide and maintain a free reading room for the town, city, or borough where established. See library laws, page 587.

Rhode Island.—In 1867 Rhode Island gave the towns power to establish public libraries, and in 1869 a law was passed empowering two towns to combine and form a library jointly. In 1875 a free public library law was passed. Any town or city may levy a tax of 2½ mills on the dollar of valuation for the establishment of a library, and two-tenths of a mill annually thereafter for the maintenance of the same.

South Carolina.—On November 16, 1700, the legislative assembly passed an act looking to the preservation of the library of the Rev. Thomas Bray, D. D., founder of the Society for the Propagation of the Gospel in Foreign Parts. There has been no other legislation, except for the State library.

Tennessee.—There is no legislation in this State regarding public libraries. There are in Tennessee, as in a number of other States, general acts for the incorporation and protection of libraries.

Texas.—Texas enacted a law in 1874 which provides that any incorporated town or city may establish a free public library and may make such regulations and grant such parts of its revenues for the maintenance and increase thereof as the municipal government of the town may determine.

Utah.—On March 9, 1896, the legislature of Utah passed a bill which provides that the common council of a city or town may levy a tax for the establishment and maintenance of free public libraries. See page 590 for legislation in full.

Vermont.—In 1865 Vermont established a law similar to that of New Hampshire, and in 1867 modeled a law after that of Maine. It provides 50 cents per poll annually for the maintenance of the library. In 1869 a library-association law was passed. In 1884 the general library law was amended by raising the legal limit of expenditure from \$1 to \$3 per poll for the establishment of a library, leaving the tax per poll at 50 cents thereafter for the maintenance of the same. On November 9, 1894, a law was passed creating a library commission. Section 1 of that act reads as follows:

"The governor shall appoint five persons, residents of the State, who shall constitute a board of library commissioners. The governor shall designate the chairman thereof. One member of said board shall be appointed for the term of five years, one for four years, one for three years, one for two years, and one for one year, and thereafter the term of office of the commissioners shall be five years. All vacancies of said board, whether occurring by expiration of term or otherwise, shall be filled by the governor."

Washington.—So far as learned, there has been no general library legislation in Washington.

West Virginia.—Nothing reported from this State.

Wisconsin.—In 1868 Wisconsin passed a law permitting towns and cities to raise by taxation annually \$150 for the purchase of books. In 1872 a law was enacted similar to that of Illinois, by which towns and cities were authorized to levy a tax of 1 mill on the dollar for the establishment and support of free public libraries. In 1876 an excellent law, prepared by the American Library Association, was passed for the establishment and maintenance of libraries in towns and villages. The substance of the law is as follows:

"The common council of every city not exceeding in population 50,000 inhabitants, and the village board, or board of trustees, of every village, and the town board of every town containing over 2,000 inhabitants, shall have power to establish and maintain a public library and reading room, and for such purposes may annually levy, and cause to be collected as other general taxes are collected, a tax not exceeding 1 mill on each dollar of taxable property of such city, town, or village, or may set aside and appropriate a sum not to exceed 10 per cent of the money received in any year for license issued for vending or dealing in spirituous, vinous, or fermented liquors, to constitute a library fund, which fund shall be kept by the treasurer separate and apart from other money of the city, town, or village, and to be used exclusively for such purposes: *Provided*, That no tax shall be levied without the same first be submitted to a vote and be approved by a majority of the votes cast at such election in such city, town, or village on such question."

For the government of such free public libraries the law provides for a board of nine directors who shall be appointed by the mayor, president of the town council, or chairman of village trustees, and approved by the general council of the city or town, the said directors to serve without compensation. The law of 1895, appointing a library commission, will be found on page 596.

Wyoming.—The public library law of Wyoming, as it appears in the revised statutes of 1887, reads as follows:

"SECTION 684. When the county commissioners of any county have received proper and sufficient guarantees, whether in the form of conveyances or bonds of citizens, or associations or corporations, that a suitable place shall be permanently furnished for the protection and use of a public library, as a condition precedent to their own action, under the provisions of this section it shall be their duty to levy annually a tax of not less than one-eighth of a mill nor more than one-half of a mill on the dollar on all taxable property in the county for the establishment and maintenance of a public library to be located at the county seat of such county."

The law also provides that the county commissioners may appoint three trustees to constitute a library board, the same to have entire charge of the organization and management of the library. The law further provides that no part of the library fund shall be expended for sectarian or professional books, and that not more than 25 per cent of said fund shall be expended for works of fiction, but that the books purchased "shall be of a kind best suited to inform the mind and improve the character of the reader." For library laws of the State, see page 597.

IV.

STATE LIBRARY LAWS.

An effort has been made to collect the library laws of the various States and Territories. The success of this effort may be judged from what appears in the pages which follow. This effort, it is hoped, may be the means of stimulating States which heretofore have taken no action with regard to library legislation. The

information from many of the States is fragmentary and not altogether satisfactory, but it is given for what it is worth. In other States it appears that the library laws have never been compiled, so that it would require an extensive search to ascertain what laws regarding public libraries have been enacted.

Massachusetts seems to be the only State that has published a compilation of her library laws. This compilation is of great historical value, and is given in full as a sample for other States desiring to make a compilation of their library laws. The laws of North Carolina are given at great length, as much on account of their quaintness as on account of the light which they throw upon the early history of the State.

The more recent public library laws of several of the States are given as samples for other States that may be contemplating the establishment of public libraries. It may also be seen from this compilation what progress has been made in the several States regarding the establishment and maintenance of public libraries.

The courtesy of the various State officials who have so kindly and promptly replied to letters of inquiry is hereby acknowledged.

ARIZONA.

[Sections 95 and 96 of the school laws of the Territory of Arizona, as approved March 10, 1887, and amended by the sixteenth legislative assembly.]

SECTION 95. Boards of school trustees in cities and in districts containing one hundred or more census children may use the school fund, together with such moneys as may be added thereto by donation, in the purchase of books for school libraries: *Provided*, That the amount so expended from the school fund in one year shall not exceed fifty dollars: *And provided further*, That no warrant shall be drawn by the county school superintendent on the order of any board of trustees in payment for any books unless such order is accompanied by an itemized bill showing the books and the price of each in payment for which the order is drawn.

SEC. 96. Libraries are under the control of the board of trustees, and must be kept, when practicable, in the schoolhouses. The libraries shall be free to all pupils of a suitable age belonging to the school, and any resident of a district may become entitled to its privileges by the payment of such annual or monthly fee as may be prescribed by the trustees. The trustees shall be held accountable for the proper care and preservation of the library, and they shall report to the county school superintendent, when required, all library statistics on blanks furnished by the superintendent of public instruction for that purpose.

FREE PUBLIC LIBRARIES.

Chapter CXXVI.

AN ACT to establish free libraries and reading rooms.

(Approved April 26, 1880.)

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. For the purposes of this act cities of this State are classified as follows:

1. Cities of less than one hundred thousand population.
2. Cities of more than one hundred thousand population.

SEC. 2. The municipal authorities of any incorporated city of this State are authorized and empowered, by a resolution duly passed for that purpose, to levy and collect as in other cases annually, a tax not to exceed one mill on the dollar, for the purpose of establishing and maintaining in such city free public libraries and reading rooms and purchasing such books, journals, and other publications, purchasing and leasing such real and personal property, and erecting such buildings as may be necessary therefor.

SEC. 3. All money and revenue paid, collected, or received by authority of anything herein contained, whether by taxation, gift, devise, bequest, or otherwise, shall belong to and be known and designated as the "Library fund," and shall be paid into the proper city treasury, and there kept separate and apart from other funds, and be drawn therefrom as hereinafter provided, but only to be used and applied to the purposes herein authorized.

SEC. 4. All property, real and personal, acquired by purchase, gift, devise, bequest, or otherwise, under the provisions of or for any purpose authorized by this act, shall vest, be, and remain in the proper city, and may be protected, defended, and sued for by action at law, or otherwise, in the name of such city as in other cases.

SEC. 5. In a city of less than one hundred thousand population five trustees shall be elected at the same time and in the same manner as the other town officers are elected. They shall hold office the same length of time to carry into effect the provisions of this act.

SEC. 6. In a city of more than one hundred thousand population the mayor or chief executive officer, during his continuance in office, and eleven citizens thereof, to be appointed by the governor of this State, shall constitute the first board of trustees of any library or reading room established or acquired in such city under this act.

SEC. 7. The office of trustee shall be honorary, without salary or other compensation, and shall continue during good behavior; but for good cause a trustee may be removed from office by proceedings in the supreme court in behalf of the proper city in manner provided for the removal from office of other city officers.

SEC. 8. The trustees of any library or reading room established or acquired by

authority of this act shall take charge of the same and of all real and personal property thereunto belonging, or that may be acquired by loan, purchase, gift, devise, or otherwise. They shall meet for business purposes on the first Tuesday of each month, and at such other times as they may appoint, at a place to be provided for the purpose, and a majority of all their number shall constitute a quorum for business. They may appoint one of their number to act as president of the board, and may elect a librarian. They shall also elect a secretary, who shall keep a full statement and account of all property, money, receipts, and expenditures, and a record and full minutes in writing of all their proceedings. The secretary may certify to such proceedings or any part or portion thereof, under his hand, verified by an official seal adopted and provided by the trustees for that purpose.

SEC. 9. Such trustees by a majority vote of all their members, to be recorded in the minutes with the ayes and noes at length, shall have power:

1. To make and enforce all rules, regulations, and by-laws necessary for the administration, government, and protection of such library and reading room, and all property belonging thereto, or that may be loaned, devised, bequeathed, or donated to the same.

4. To define the powers and describe the duties of any and all officers, determine the number and elect all necessary subordinate officers and assistants, and at their pleasure remove any officer or assistant.

5. To purchase necessary books, journals, publications, and other personal property.

6. To order the drawing and payment, upon properly authenticated vouchers, duly certified by the president and secretary, of money from out of the library fund for any liability or expenditure herein authorized; and generally to do all that may be necessary to fully carry into effect the provisions of this act.

7. To fix the salaries of the librarian, secretary, and other subordinate officers and assistants, and by and with the consent and approval of the legislative or other proper authority of the proper city, expressed by resolution duly passed, to purchase said real estate, erect and equip such buildings as may be necessary for such library and reading room.

SEC. 10. The orders and demands of the trustees of any such library or reading room of any city, when duly made and authenticated as above provided, shall be verified and audited by the auditing officer, and paid by the treasurer of such city out of the library fund properly belonging thereto, of which full entry and record shall be kept as in other cases.

SEC. 11. The trustees of such library or reading room on or before the first Monday of July of each year shall make an annual report to the municipal authorities of their city, giving the condition of their trust, with full statements of all property and money received, whence derived, how used and expended; the number of books, journals, and other publications on hand, the number added by purchase, gift, or otherwise during each year, the number lost or missing, the number and character of those loaned, and such other statistics, information, and suggestions as may be of general interest. A financial report showing all receipts and disbursements of money shall also be made by the secretary of the board of trustees, duly verified by his oath.

SEC. 12. The proper municipal authorities of any city wherein a public library or reading room may be established shall have power to pass ordinances for the protection of the same and all property thereto belonging, and for imposing penalties for the punishment of persons committing injury to such library or reading room, or the property or books thereof, or for failure to return any book or other property belonging thereto. They shall also have power, by a resolution duly passed for such purpose, to grant, donate, or authorize the use of, either in whole or in part, any land, square, or real estate belonging to such city or town, or dedicated to public use therein, for the purpose of erecting and maintaining a building to be used only for a public library and reading room, as herein authorized.

SEC. 13. The words "city or cities" wherever used in this act are intended to and shall include all incorporated cities and towns, and cities and counties with consolidated government, and shall be construed accordingly.

SEC. 14. An act entitled "An act to establish and maintain free public libraries and reading rooms," approved March the eighteenth, eighteen hundred and seventy-eight, is hereby repealed. All libraries and reading rooms heretofore established by authority of the last-mentioned act in any city or town, or city and county, and all

property, real and personal, thereto belonging, shall be turned over to the charge, custody, and administration of such trustees as may be continued or appointed therein respectively under the provisions of this act, with like powers and liabilities as if such library had been established under this act.

SEC. 15. This act shall take effect on the first day of May, A. D. eighteen hundred and eighty. [Code of California, p. 126.]

COLORADO.

[From Public Library Handbook, Denver, Colo.]

Colorado's library law is not in a very satisfactory condition. Statutes and parts of statutes passed at different times seem in part to contradict and in part to duplicate one another. Just what may and may not be done under the existing laws it would probably be impossible to determine except through judicial interpretation. The following digest may serve a good purpose in making it plain that our present library law is very obscure.

The establishment and maintenance of free public libraries is declared to be a proper object of municipal expenditure. The trustees of any city or incorporated town may appropriate money for a public library if at a previous election a majority of the people have voted in favor of such action: *Provided*, No such appropriation shall exceed one mill upon the dollar. Every city or incorporated town in which such a library shall be maintained shall be entitled to receive a copy of the laws, journals, and all other works published by the authority of the State after the establishment of such a library, for the use of such library, and the secretary of state is authorized to furnish the same from year to year to such city or incorporated town. (Mills's Annotated Statutes, sec. 4403, par. 76.)

The clear proceeds of certain fines and penalties may be applied to the establishment and support of a public library. (Mills, 2815.)

The council or trustees of any city or town may, if they see fit, apply any part of the clear proceeds of certain fines in aid of any library association for the benefit of the public. *Provided*, Such library association give the council or trustees such representation in its board of management as the latter may ask. (Mills, 2821.)

The city council of any incorporated city may establish and maintain a public library and reading room, and may levy a tax for such purpose of not to exceed one mill on the dollar annually; in cities of over one hundred thousand inhabitants this tax is not to exceed one-half of one mill on a dollar annually. (Sess. Laws, 1893, Chap. CXV, sec. 1.)

When any city has established a library under the foregoing section, the mayor shall appoint six persons, who, together with the mayor, shall constitute the library board. The appointments must be approved by the city council. (Sess. Laws, 1893, Chap. CXV, sec. 2.)

One-half of these directors hold office for one year and one-half for two years from the first of July following their appointment. The mayor shall annually thereafter appoint three directors, and shall fill all vacancies. Any director may be removed by the mayor and council for cause. (Sess. Laws, 1893, Chap. CXV, secs. 3 and 4.)

No directors shall receive compensation. (Sess. Laws, 1893, Chap. CXV, sec. 4.)

Each director shall give a bond of five hundred dollars. (Mills, 2819.)

The mayor is president of the board. The board elects other officers, and makes rules and by-laws, has exclusive control of the expenditure of all money, and the management of all grounds, buildings, rooms, etc., owned, leased, or set apart for library purposes. The library fund must be deposited in the city treasury. The board has power to appoint a suitable librarian and assistants and to fix their compensation. (Sess. Laws, 1893, Chap. CXV, sec. 5.)

All libraries established under this act shall be forever free. The board may exclude any person who wilfully violates the library rules. The use of the library may be extended to persons residing outside of the city, but within the State. (Sess. Laws, 1893, Chap. CXV, sec. 6.)

The board of directors must make an annual report to the city council. (Sess. Laws, 1893, Chap. CXV, sec. 7.)

The city council of any city has power to pass ordinances imposing suitable penalties for the punishment of persons injuring any book or other property of the library, or for the failure to return books borrowed. (Sess. Laws, 1893, Chap. CXV, sec. 8.)

Any person may make any gift, donation, etc., to the library, by vesting the title of the same in the library board, as special trustees. (Sess. Laws, 1893, Chap. CXV, sec. 9.)

If fifty legal voters of any incorporated town present a petition asking that an annual tax be levied to establish and maintain a free public library, and a majority of the legal voters vote in favor of such action at the next annual election the tax

mentioned in the petition shall be collected and known as the "library fund." Such tax shall cease whenever the majority of legal voters so determine. (Sess. Laws, 1893, Chap. CXV, sec. 10.)

At the next regular election after any town shall have voted to establish a free public library, a board of six directors shall be elected, one-half to serve one year and one-half to serve two years. The board shall have the same powers as are conferred on the library board in a city. (Sess. Laws, 1893, Chap. CXV, sec. 11.)

The board of any school district may order a levy of not to exceed one-tenth of one mill, the proceeds of which shall be used exclusively for the purchase of books for a library which shall be open to the public. (Mills, 4032.)

Any library association can sell or lease its property in any manner it may desire to the board of directors of any public library upon the vote of the majority of its subscribers or stockholders. (Sess. Laws, 1893, Chap. CXV, secs. 12 and 13.)

Public libraries are exempt from taxation. (Mills, 3766; constitution of Colorado, Art. X, sec. 4.)

The State librarian is directed to turn over to the librarian of any free public library in this State, if desired for public use therein, and to take the receipt of such librarian therefor, one copy of each and every such book, pamphlet, or periodical published by the State as can be spared, now on hand, or which shall be published by the State from time to time hereafter. (Mills, 2822.)

THE STATE LIBRARY.

The State superintendent of public instruction is ex officio librarian for the State. The State library is open to the public from ten a. m. to twelve m., and from two p. m. to four p. m. each day, except Sundays and holidays. (Mills, 2802.)

The librarian has charge of all books, etc., and keeps a regular file of all such State newspapers as may be donated. (Mills, 2803.)

He may employ an assistant librarian who shall have charge of the State library, under such regulations as may be prescribed by the State librarian or by law. The salary of the assistant librarian is one thousand dollars per annum. (Mills, 3979.)

All books sent by other States are received and properly labeled and arranged by the librarian. (Mills, 2804.)

Receipt of each book, etc., is acknowledged and a record kept. (Mills, 2805.)

The librarian makes rules and regulations. (Mills, 2806.)

Statutes, journals, legislative documents, and other books are to be exchanged with other legislative bodies and State libraries as the librarian deems proper. (Mills, 2807.)

All persons are permitted to visit the library, examine and read the books therein, and may take out any book and retain the same three weeks on depositing with the librarian, to insure its safe return, a sum of money equal to double the value of the book. State and county officers have free access to the library, but they may not obtain books for persons not engaged in public work. (Mills, 2808.)

The State librarian makes a full and complete report to the general assembly. (Mills, 2809.)

The librarian must file a bond. (Mills, 2814.)

SCHOOL LIBRARIES.

The qualified electors of any district of the third class, when assembled at any regular or special meeting, may order a sufficient levy on all the taxable property of the district to procure libraries for the schools. (Mills, 4027. See also p. 159, Mills, 4032.)

[Section 67 of the school laws of the State of Colorado as amended to date, 1893.]

SECTION 67. On or before the day designated by law for the commissioners of each county to levy the requisite taxes for the then ensuing year, the school board in each district shall certify to the county commissioners the number of mills per dollar which it is necessary to levy on the taxable property of the district to raise a special fund for any of the purposes specified in section fifty-one of this chapter, and the county commissioners shall cause the same to be levied at the same time that other taxes are levied, and the amount of such special tax which shall be assessed to each taxpayer of such district shall be placed in a separate column of the tax book, which shall be headed "Special school tax:" *Provided*, That a school board of a district of the third class shall not certify, as above, to a higher rate than fifteen mills per dollar. There shall also be a column in said tax book in which shall be designated the number of the school district in which the property is listed. This tax shall be collected in cash only, and placed to the credit of the proper district as fast as collected, and the amount placed to the credit of each district shall be reported to the secretary of such district at the end of every month, and shall be subject to the order

of the district board. It is hereby made the duty of the county assessor and county treasurer to so arrange their tax schedules and books as to conform to the above provisions: *Provided*, That the county assessor shall list all property, both real and personal, in the school district in which the same may be on the first day of May: *And provided further*, That the board of any district may order the levy of not to exceed one-tenth of one mill, the proceeds of which shall be used exclusively in the purchase of books for a library, to be open to the public, under such rules as the district board may deem needful for the proper care of the said library.

CONNECTICUT.

Below will be found the law relating to libraries passed by the general assembly of 1893, and found on page 321 of the Public Acts:

SECTION 1. Any town, borough, or city may establish a public library, the use of which, under proper regulations, shall be free to its inhabitants. Any town, borough, or city may expend such sum of money as may be necessary to provide and furnish suitable rooms or a suitable building for the library so established, or for a previously existing public library, the use of which is free to its inhabitants.

SEC. 2. Any town, borough, or city may annually expend such sum of money as shall be necessary for the proper maintenance and increase of a public library within its limits whose use is free to its inhabitants. Any town shall have power at any meeting, duly called for the purpose, to fix by a proper by-law the amount which shall be annually expended for the public library therein. The treasurer of such town shall thereafter annually pay upon the order of the officer designated by the directors or trustees managing its public library the bills incurred for the maintenance and increase of said library, not exceeding in the aggregate the sum specified in said by-law. The town clerk may deposit in a public library within his town any books other than records placed by law or otherwise in his custody.

SEC. 3. Any town, borough, or city may receive, hold, and manage any devise, bequest, or donation for the establishment, increase or maintenance of a public library within its limits.

SEC. 4. In the absence of any other lawful provision for the management of a public library in any town or borough, the said town or borough shall elect a board of directors who shall manage said public library. Said board may, from time to time, make by-laws not inconsistent with the laws of this State for its own government and may adopt rules controlling the use of the library and the administration of its affairs. Said board shall have the exclusive right to expend, according to its best judgment, all money appropriated by the town or borough for the library, and shall have control of the grounds, buildings, and rooms used for the purposes of the library.

SEC. 5. The first election of directors may take place at any meeting of the town or borough called for that purpose. It shall first be determined by a by-law of the town to be adopted at this meeting what the number of directors constituting said board shall be, such number to be in all cases one divisible by three. One-third of this number shall then be elected to hold office until the next annual meeting, one-third until the second annual meeting, and the remaining one-third until the third annual meeting thereafter. At each annual meeting of said town or borough, one-third of the directors shall be elected by ballot to hold office for three years.

SEC. 6. No director of a public library elected as above provided shall receive compensation for any services rendered as director.

SEC. 7. The State board of education shall annually appoint five persons who shall be known as the Connecticut Public Library Committee.

SEC. 8. No member of said library committee shall receive any compensation for his services as such member, but the board may expend a sum not exceeding five hundred dollars annually for clerical assistance and incidental and necessary expenses incurred in the discharge of its duties.

SEC. 9. The librarian or director of any public library and the teachers of any public school may ask said committee for advice and assistance in regard to the selection and purchase of books, the cataloguing of books and any other matters pertaining to the maintenance or administration of the library, and the committee shall give advice and assistance in regard to said matters so far as it shall find it practicable to do so. The committee shall biennially make a report of its doings to the general assembly.

SEC. 10. If any town having no free public library shall establish a free public library and shall provide for the care, custody, and distribution of books and for the future maintenance and increase of such library in a manner satisfactory to said library committee, said committee is hereby authorized to expend for books to be selected by the said committee a sum not to exceed the amount expended by the said town for the establishment of such library and not to exceed two hundred dollars.

SEC. 11. The treasurer of the State shall pay the bills incurred under this act upon

the order of the secretary of the State board of education. Said board shall keep an account of all money expended under this act, and the comptroller shall annually audit said account. The provisions of sections 405 and 407 of the General Statutes shall not apply to the payment of money expended under this act.

SEC. 12. No person shall be ineligible by reason of sex to serve on the board of directors of any public library or on the Connecticut public library committee.

SEC. 13. Sections 143, 144, and 153 of the General Statutes are hereby repealed.

DISTRICT OF COLUMBIA.

AN ACT to establish and provide for the maintenance of a free public library and reading room in the District of Columbia.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That a free public library and reading room is hereby established and shall be maintained in the District of Columbia, which shall be the property of the said District and a supplement of the public educational system of said District. All actions relating to such library, or for the recovery of any penalties lawfully established in relation thereto, shall be brought in the name of the District of Columbia, and the Commissioners of said District are authorized on behalf of said District to accept and take title to all gifts, bequests, and devises for the purpose of aiding in the maintenance or endowment of said library; and the Commissioners of said District are further authorized to receive as component parts of said library collections of books and other publications that may be transferred to them.

SECTION 10. The legislature may provide for the division of any county or counties into convenient school districts; and for the election biennially of three school trustees, who shall hold their office for two years, and who shall have the supervision of all the schools within the district; and for the levying and collection of a district school tax, for the exclusive use of public free schools within the district,

whenever a majority of the qualified electors thereof that pay a tax on real or personal property shall vote in favor of such levy. *Provided*, That any tax authorized by this section shall not exceed three mills on the dollar in any one year on the taxable property of the district.

SEC. 11. Any incorporated town or city may constitute a school district. The fund raised by section ten may be expended in the district where levied for building or repairing schoolhouses, for the purchase of school libraries and text-books, for salaries of teachers, or for other educational purposes, so that the distribution among all the schools of the district be equitable.

School Laws, etc., section 28, clause XII: Each county board of public instruction is directed * * * to perform all acts reasonable and necessary for the promotion of the educational interests of the county and the general diffusion of knowledge among the citizens.

IDAHO.

There is no direct or mandatory legislation as to libraries for the schools of the State, still there is a permissive one, giving the districts authority to make purchases not to exceed 25 per cent of the school fund for any one year.

SECTION 45. (Chapter VI of the school laws of 1893.) The trustees of the respective districts must furnish all things, not herein otherwise provided for, necessary for the use and comfort of the schools in their district, such as fuel, improvements, maps, apparatus, and library, and for such purpose may audit and allow accounts against the school fund of their district, not to exceed twenty-five per cent of the amount of such school fund in any one year.

ILLINOIS.

AN ACT to authorize cities, incorporated towns, and townships to establish and maintain free public libraries and reading rooms.

SECTION 1. (Library and library fund.) *Be it enacted by the people of the State of Illinois, represented in the general assembly*, That the city council of each incorporated city shall have power to establish and maintain a public library and reading room for the use and benefit of the inhabitants of such city, and may levy a tax of not to exceed one mill on the dollar annually, and in cities of over one hundred thousand inhabitants not to exceed one-fifth of one mill annually on all the taxable property in the city, such tax to be levied and collected in like manner with other general taxes of said city, and to be known as the "Library fund."

SEC. 2. (Nine directors to be appointed.) When any city council shall have decided to establish and maintain a public library and reading room under this act, the mayor of such city shall, with the approval of the city council, proceed to appoint a board of nine directors for the same, chosen from the citizens at large with reference to their fitness for such office; and not more than one member of the city council shall be at any one time a member of said board.

SEC. 3. (Expiration of office, etc.) Said directors shall hold office one-third for one year, one-third for two years, and one-third for three years, from the first of July following their appointment, and at their first regular meeting shall cast lots for the respective terms, and annually thereafter the mayor shall, before the first of July of each year, appoint as before three directors to take the place of the retiring directors, who shall hold office for three years, and until their successors are appointed. The mayor may, by and with the consent of the city council, remove any director for misconduct or neglect of duty.

SEC. 4. (Vacancies.) Vacancies in the board of directors, occasioned by removals, resignation, or otherwise, shall be reported to the city council, and be filled in like manner as original appointments, and no director shall receive compensation as such.

SEC. 5. (Powers, officers, etc.) Said directors shall, immediately after appointment, meet and organize by the election of one of their number president, and by the election of such other officers as they may deem necessary. They shall make and adopt such by-laws, rules, and regulations for their own guidance and for the government of the library and the reading room as may be expedient, not inconsistent with this act. They shall have the exclusive control of the expenditure of all moneys collected to the credit of the library fund, and of the construction of any library building, and of the supervision, care, and custody of the grounds, rooms, or buildings constructed, leased, or set apart for that purpose: *Provided*, That all moneys received for such library shall be deposited in the treasury of said city to the credit of the library fund, and shall be kept separate and apart from other moneys of such city, and drawn upon by the proper officers of said city, upon the properly authenticated vouchers of the library board. Said board shall have power to purchase or lease grounds, to occupy, lease, or erect an appropriate building or buildings for the use of said library; shall have power to appoint a suitable librarian and necessary assistants, and fix their compensation, and shall also have power to

remove such appointees; and shall, in general, carry out the spirit and intent of this act, in establishing and maintaining a public library and reading room.

SEC. 6. (To be free.) Every library and reading room established under this act shall be forever free to the use of the inhabitants of the city where located, always subject to such reasonable rules and regulations as the library board may adopt, in order to render the use of said library and reading room of the greatest benefit to the greatest number; and said board may exclude from the use of said library and reading room any and all persons who shall willfully violate such rules.

SEC. 7. (Annual report.) The said board of directors shall make, on or before the second Monday in June, an annual report to the city council, stating the condition of their trust on the first day of June of that year, the various sums of money received from the library fund and from other sources, and how such moneys have been expended, and for what purposes; the number of books and periodicals on hand; the number added by purchase, gift, or otherwise during the year; the number lost or missing; the number of visitors attending; the number of books loaned out, and the general character and kind of such books, with such other statistics, information and suggestions as they may deem of general interest. All such portions of said report as relate to the receipt and expenditure of money, as well as the number of books on hand, books lost or missing, and books purchased, shall be verified by affidavit.

SEC. 8. (Penalties by ordinance.) The city council of said city shall have power to pass ordinances imposing suitable penalties for the punishment of persons committing injury upon such library, or the grounds or other property thereof, and for injury to or failure to return any book belonging to such library.

SEC. 9. (Legacies and bequests.) Any person desiring to make donations of money, personal property, or real estate for the benefit of such library shall have the right to vest the title of the money or real estate so donated in the board of directors created under this act, to be held and controlled by such board, when accepted, according to the terms of the deed, gift, devise, or bequest of such property; and as to such property the said board shall be held and considered to be special trustees.

SEC. 10. (Towns, villages, and townships—submission to popular vote.) When fifty legal voters of any incorporated town, village, or township shall present a petition to the clerk of the town, village, or township (or trustee of schools in counties not under township organization), asking that an annual tax may be levied for the establishment and maintenance of a free public library in such town or township, and shall specify in their petition a rate of taxation not to exceed two mills on the dollar, such clerk (or trustee of schools in counties not under township organization) shall in the next legal notice of the regular annual election in such town or township, give notice that at such election every elector may vote "For a — mill tax for a free public library," or "Against a — mill tax for a free public library," specifying in such notice the rate of taxation mentioned in said petition, and if the majority of all the votes cast in such town, village, or township shall be "For the tax for a free public library," the tax specified in such notice shall be levied and collected in like manner with other general taxes of said town or township, and shall be known as the "Library fund." *Provided*, That such tax shall cease in case the legal voters of any such town, village, or township shall so determine by a majority of votes at any annual election held therein, and the corporate authorities of such towns or villages may exercise the same powers conferred upon the corporate authorities of cities under this act.

SEC. 11. (Election of six directors.) At the next regular election after any town, village, or township shall have voted to establish a free public library there shall be elected a library board of six directors, one-third for one year, one-third for two years, and one-third for three years, and annually thereafter there shall be elected two directors, who shall hold their office for three years and until their successors are elected and qualified; which board shall have the same powers as are by this act conferred upon the board of directors of free public libraries in cities.

SEC. 12. (Emergent.) Whereas, all the libraries of Chicago were destroyed by the recent fire in that city, and large donations of books have been made to found a free library, and whereas no suitable building or organization exists to receive or preserve them, therefore an emergency exists that this law shall take effect immediately; therefore this act shall take effect and be in force from and after its passage.

1. (Amendment.) As enacted in 1881, the benefits of this law were confined to cities of ten thousand inhabitants, but the amendment of this section, in force June 5, 1883, extended them to all cities and incorporated towns.

2. See sections 3782-3815, R. S. 1881, and for amendments to these sections see acts 1883, page 200; acts 1885, pages 9 and 120.

[1885, page 120. Approved and in force April 2, 1885.]

4524a. (Libraries in certain cities.) Wherever the board of directors of a library heretofore situate within the limits of any incorporated town may have filed the agreement and request with the board of trustees of said town, provided for in an act entitled "An act supplementary to an act entitled an act to establish public libraries," approved February 16, 1852, approved March 8, 1883, and the board of trustees of such town may have levied a tax for the support of such library in pursuance of such request and agreement and in accordance with said act, and such town may afterwards have become incorporated as a city, the common council of such city shall have all powers to levy tax, and do all other things granted by said act above named to trustees of towns, and all the provisions of said act applicable to such library, and its relations to the town before its incorporation as a city shall, after such incorporation, be applicable to such library, and its relations to such city.

[1881, page 47. Approved and in force March 7, 1881.]

4525. (Tax to maintain.) Such board shall also have power to levy a tax of not exceeding one-third of a mill on each dollar of taxable property assessed for taxation in such city in each year; which tax shall be placed on the tax duplicate of such city, and collected in the same manner as other taxes; and, when said taxes are collected, they shall be paid over to the said board for the support and maintenance of said public library. Such board shall have power, and it shall be its duty to disburse said fund, and all revenues derived from gift or devise, in providing and fitting up suitable rooms for such library; in the purchase, care, and binding of books therefor; and in the payment of salaries to a librarian and necessary assistants.

4526. (Real estate.) [1885, page 100. Approved and in force April 8, 1885.]

4526a. (Real estate for libraries.) In any case in which the board of school trustees of any city of this State have purchased any real estate for the use of a public library of said city, under sections 4524, 4525, and 4526 of the Revised Statutes of 1881, and the revenue derived from taxation under said sections may have been or shall be insufficient to pay for such real estate, then said trustees be and they are hereby authorized to pay for the same out of any money in the treasury of such school city belonging to the special school fund thereof.

[1891, page 37. Approved and in force February 23, 1891.]

4527. (School and library tax in cities of 30,000.) In all cities of the State of Indiana where boards of school commissioners have been elected and are managing the school affairs of said city under an act of the general assembly of the State of Indiana entitled "An act providing for a general system of common schools in all cities of thirty thousand or more inhabitants, and for the election of a board of school commissioners for such cities, and defining their duties and prescribing their powers, and providing for common-school libraries within such cities," approved March 3, 1871, and the various acts of the general assembly amendatory thereof, and supplemental thereto, and in which the office of city treasurer has been or hereafter may be abolished under and by virtue of an act of the general assembly of the State of Indiana, entitled "An act concerning taxation for city and school purposes in cities containing a population of over seventy thousand, as shown by the last census of the United States; to abolish the offices of city assessor and city treasurer in such cities, and provide for the discharge of the duties of such offices, and repealing laws

in conflict therewith, approved February 21, 1885," such boards of school commissioners be, and they are hereby, authorized and empowered, in the manner and form in which they are now by law authorized to levy taxes, levy taxes for the support of the schools within such city, including such taxes as may be required for paying teachers, in addition to the taxes now authorized to be levied by the general assembly of the State of Indiana, not to exceed, however, in any one year the sum of twenty-five cents on the one hundred dollars of the taxable property, as shown by the certificate showing the assessment and valuation for taxation of all taxable real and personal and railroad property of such city, required to be delivered to said board of school commissioners by section 8 of the said act of the general assembly of the State of Indiana, approved February 21, 1885, and also to levy a tax each year not exceeding four cents on each one hundred dollars of the taxable property in said city, as shown by said certificate, for the support of free public libraries in connection with the common schools of said city, and to disburse any and all revenues raised by such tax levied for library purposes in the purchase of books and in the fitting up of suitable rooms for such libraries, salaries to librarians, and other expenses necessarily incident to the maintenance of such library; also to make and enforce such regulations as they may deem necessary for the taking out and returning to and for the proper care of all books belonging to such libraries, and to prescribe penalties for the violations of such regulations.

4527a. (County treasurer reports to board of school commissioners.) In all cities in the State of Indiana where boards of school commissioners have been elected and are managing the school affairs of said city, under and by virtue of said act of the general assembly of the State of Indiana, approved March 3, 1871, and in which the office of city treasurer has been, or may hereafter be abolished, under and by virtue of said act of the general assembly of the State of Indiana, approved February 21, 1885, as mentioned and described in the first section of this act, it shall be the duty of the county treasurer, on and after making his settlement with the county auditor on the third Monday of April, 1891, and the payment to the board of school commissioners of the amount by such settlement found to be due to it, as required by section 13 of the last above-named act, at the close of each calendar month, to make report, duly verified by his oath, to said board of school commissioners of all taxes and delinquent taxes collected within said month, and thereafter, upon demand of the treasurer of said board of school commissioners, to pay to him, for the use of said board of school commissioners, the full amount of said taxes and delinquent taxes shown by said report to have been collected. Upon such payment being made, the treasurer of the board of school commissioners shall execute to said county treasurer his receipt for the amount of money so paid, which receipt the latter shall deliver to the secretary of the board of school commissioners, who shall give him a quietus therefor, and credit said county treasurer with the amount thereof, and charge such amount to the treasurer of said board of school commissioners.

4527d. (County treasurer's credits.) Said county treasurer shall thereafter, in his settlement with the county auditor, made as required by law on the third Monday of April and the first Monday of November in each year, present such quietuses to the county auditor, who shall give such county treasurer credit therefor as against the sums with which he is chargeable upon account of the collection of such school taxes.

NOTE.—This act has a general repealing section. The act repeals the act of 1889, page 432, on the same subject.

[1891, page 35. Approved and in force February 26, 1891.]

4527e. (Bonds for library buildings.) In all cities in the State of Indiana where boards of school commissioners have been elected and are managing the school affairs of said city under an act of the general assembly of the State of Indiana, entitled "An act providing for a general system of common schools in all cities of thirty thousand or more inhabitants, and for the election of a board of school commissioners for such cities, and defining their duties and prescribing their powers, and providing for common school libraries within such cities," approved March 3, 1871, and the various acts of the general assembly amendatory thereof and supplemental thereto, such board of school commissioners be, and they are hereby, authorized and empowered to issue bonds in any sum not exceeding one hundred thousand dollars for the purpose of erecting buildings for library and school offices to be used in connection with the common schools of said city. Such bonds to bear interest not exceeding five per cent per annum, payable after eleven years from the date thereof and within twenty years from the date thereof as follows, to wit: One-tenth thereof to be paid eleven years from date, and one-tenth thereof to be paid each succeeding year until all are paid; the money obtained from the sale of such bonds shall be disbursed by said board of school commissioners in the erection of a building for the library and school offices, to be used in connection with the common schools of said city. Such bonds shall be designated "Library building bonds," and may be issued

in such denominations, and in such sums, from time to time, as the board of school commissioners may deem expedient; and each of said bonds shall upon its face designate the date of the maturity thereof: *Provided*, That at no time shall the amount of bonds so issued for such purpose by any such board exceed the sum of one hundred thousand dollars; and that said board of school commissioners shall have no power to issue any renewal thereof, but the same shall be paid at maturity, as hereinafter provided: *And provided further*, That such bonds shall not be sold for less than their par value.

4527f. (Payment of bonds.) If the board of school commissioners in any city shall exercise the powers granted to it by this act, it shall provide for the payment of said bonds as follows: At the time of the levying of the taxes for the year, which shall be collectible immediately before the maturity of the first maturing of said bonds, said board of school commissioners shall levy, in addition to the levy of taxes they may be authorized to make for other purposes, a tax upon all property subject to taxation by it, sufficient to pay the first maturing of such bonds, and apply the money raised thereby to the payment thereof; and each year thereafter said board of school commissioners shall levy such tax, and apply the proceeds thereof to the payment of the bonds successively maturing until all have been paid.

NOTE.—This act has a general repealing section.

TOWNSHIP LIBRARIES.

[1865, page 3. Approved and in force March 6, 1865.]

4529. (Township trustee in charge.) Such library shall be in charge of the township trustee, shall be deemed the property of the township, and shall not be subject to sale or alienation from any cause whatever.

4530. (Trustee's duties.) Such trustee shall be accountable for the preservation of said library; may prescribe the time of taking and the period of retaining books; assess and recover damage done to them by any person; and adopt regulations necessary for their preservation and usefulness. He shall provide bookcases; also, blank books, ruled, in which to keep an account of books taken out and returned; and report the number each year to the county superintendent. At the commencement of each school term, at each schoolhouse in the township, he shall cause a notice to be posted up, stating where the library is kept, and inviting the free use of the books thereof by the persons of the township.

4531. (Use of books.) Every family in the township shall be entitled to the use of two volumes at a time from said library, whether any member of such family shall attend school or not.

4532. (Where kept.) The trustee may deposit the library at some central or eligible place in the township, for the convenience of scholars and families, and may appoint for that purpose a librarian to have the care and superintendence thereof.

1. (Pay of librarian.) When the township trustee employs a township librarian, he has authority to make a contract to pay him so much a year. The power to appoint a librarian gives the trustee the power to secure the acceptance of such appointment by paying a sufficient, but reasonable, compensation. There is no statute fixing a fee for such work, but the same is to be paid for out of the township's general fund for ordinary township purposes. (Baldwin, attorney-general.)

4533. (When open.) The library shall be open to all persons entitled to its privileges throughout the year without regard to school sessions, Sundays and holidays excepted.

[1885, page 9. Approved and in force February 18, 1885.]

4533a. (Tax levy for library.) Any township in which there has been or may hereafter be established by private donations a library of the value of one thousand dollars or more for the use and benefit of all the inhabitants thereof, the township trustee of such township shall annually levy and collect not more than one cent on the hundred dollars upon the taxable property within the limits of such township, which shall be paid to the trustees of such library, and be applied by them to the purchase of books for said library, and may, with the consent of the board of commissioners of the county, when it shall become necessary to erect or enlarge a library building, annually, for such period as may be necessary, levy and collect not more than five cents on the one hundred dollars upon the taxable property of said township for not more than three years successively, which shall be expended by the trustees in the erection or enlargement of a library building.

1. When the Young People's Reading Circle books shall, collectively, even though they may be distributed to the several district schools in the township, amount to one thousand dollars in value, I think the trustee of such township would be warranted by the above statute in levying a tax of one cent on the one hundred dollars of taxables for the support and addition to such library. (H. D. Vories, superintendent of public instruction.)

2. If the people of the several districts, or the pupils of the several schools, should appoint trustees, in some uniform way, as they may choose, I think the intent of the above section would be fully complied with. (H. D. Vorles, superintendent of public instruction.)

[1895, page 240. Approved March 11, 1895. In force ———, 1895.]

4533b. (Tax levy for large library.) In any township in which there has been or may hereafter be established by private donations a library of the value of twenty-five thousand dollars or more, including the real estate and buildings used for said library, for the use and benefit of all the inhabitants thereof, the township trustee of such township shall annually levy and collect not more than six cents on the hundred dollars on the taxable property within the limits of such township, which shall be paid to the trustees of such library and be applied by them to the purchase of books for said library and to the cost of the maintenance thereof, and said trustee may, with the consent of the board of commissioners of the county, when it shall become necessary to purchase additional ground for the extension or protection of library buildings already established by such private donation, annually levy and collect not more than five cents on the hundred dollars upon all taxable property of said township for not more than three years successively, which shall be expended by said trustees in the purchase of said property and the erection and enlargement of the library building thereon. (School Laws of Indiana, 1895, pp. 184-190.)

IOWA.

The establishment and maintenance of a free public library is hereby declared to be a proper and legitimate object of municipal expenditure; and the council or trustees of any city or incorporated town may assess, levy, and tax appropriate money for the formation and maintenance of such a library, open to the free use of all its inhabitants under proper regulations, and for the purchase of land and erection of buildings, or for the hiring of buildings or rooms suitable for that purpose, and for the compensation of the necessary employees: *Provided*, That the amount assessed, levied, and taxed in any one year for the maintenance of such a library shall not exceed one mill upon the dollar upon the assessed valuation of such city or town. Any such city or incorporated town may receive, hold, or dispose of any and all gifts, donations, devises, and bequests that may be made to such city or incorporated town for the purpose of establishing, increasing, or improving any such public library, and the city or town council thereof may apply the use, profits, proceeds, interests, and rents accruing therefrom in such manner as will best promote the prosperity and utility of such library. Every city or incorporated town in which such a public library shall be maintained shall be entitled to receive a copy of the laws, journals, and all other works published by authority of the State after the establishment of such library for the use of such library, and the Secretary of State is hereby authorized and required to furnish the same from year to year to such city or incorporated town. But no appropriation of money can be made under this section, unless the proposition is submitted to a vote of the people; and at the municipal election of such city or town the question, "Shall the city (or town council, as the case may be) accept the benefit of the provisions of this section?"

[Chapter 18, acts twenty-second general assembly.]

That all cities of the first class, organized as such since January 1, 1885, that have accepted the benefits of the provisions of section 461 of the Code of Iowa, shall, in addition to the powers conferred by said section, have power to levy and collect a tax not to exceed three mills on the dollar of the assessed valuation of such city or town to pay the interest on any indebtedness heretofore contracted, or that may hereafter be contracted or incurred, for the purchase of land and the erection of buildings for a public library, or the hiring of rooms or buildings for such purposes, or for the compensations of the necessary employees, as provided in section 461 of the code, and to create a sinking fund for the extinguishment of such indebtedness.

[Chapter 41, acts twenty-fifth general assembly.]

There shall be established and created in any city or incorporated town that has heretofore accepted or may hereafter accept the benefits of the provisions of section 461 of the Code of Iowa, a board of library trustees, consisting of nine members, to be appointed by the mayor by and with the approval of the council.

Said trustees first appointed shall hold office, viz: One-third for two years, one-third for four years, and one-third for six years from the first day of July following their appointment, and at their first meeting shall cast lots for the respective terms, reporting the result of such lot to the council; and biennially thereafter, before the first day of July, the mayor shall appoint, by and with the approval of the council,

three trustees to succeed the trustees retiring on the following first day of July, and who shall hold office for six years from such first day of July. Trustees shall hold until their successors are appointed and qualified.

Vacancies occurring in the board shall be filled by appointment by the mayor in like manner, such appointee to fill out the unexpired term for which the appointment is made. Bona fide citizens and residents of the city or incorporated town (male or female) over the age of twenty-one years are alone eligible to membership.

The removal of any trustee permanently from the city shall render his office as trustee vacant.

Members of said board shall receive no compensation for their services.

Said board of library trustees shall have and exercise the following powers: To meet and organize by the election of one of their number as president of the board, and by the election of a secretary and such other officers as the board may deem necessary; to have charge, control, and supervision of the public library, its appurtenances and fixtures and rooms containing the same, directing and controlling all the affairs of such library; to employ a librarian and such assistants and employees as may be necessary for the proper management of said library, and fix their compensation, but prior to such employment the compensation of such librarian and assistants shall be fixed for the term of employment by a majority of the members of said board voting in favor thereof; to remove such librarian, assistants, or employees by a vote of two-thirds of such board for misdemeanor, incompetency, or inattention to the duties of such employment; to select and make purchases of books, pamphlets, magazines, periodicals, papers, maps, journals, furniture, fixtures, stationery, and supplies for such library; to make and adopt, amend, modify, or repeal by-laws, rules, and regulations not inconsistent with law, for the care, use, government, and management of such library and the business of said board, fixing and enforcing penalties for the violation thereof; to have exclusive control of the expenditures of all taxes levied under section 461 of the Code of Iowa and collected for, and all moneys belonging to the library fund; also to perform and exercise such other duties and powers as may be conferred by this act or by law. Said board shall keep a record of its proceedings.

SEC. 3. MARYLAND.

The Maryland Code, article 77, section 87, provides as follows: "For the further encouragement of education, district school libraries ought to be established in each schoolhouse district, under the care of the teacher as librarian. For this purpose the sum of ten dollars per annum is ordered to be paid by the board of county school commissioners, out of the State school fund, to any schoolhouse district as library money as long as the people of the district raise the same amount annually. The books must be selected by the board of district school trustees."

To aid in the execution of this law, the State board of education resolved some months since to publish a list of books suitable for school libraries, and requested the undersigned to prepare a list to be submitted to the board. The several members of the board furnished valuable lists, and from these, and by aid of the catalogues of the principal publishers of the country, and of published lists for public school libraries, prepared by the State superintendents of public instruction of several of the States, who kindly furnished us the results of their labor, this list has been compiled.

It is arranged under three general heads, viz: (1) Books suitable for primary grades; (2) books suitable for grammar school grades, and (3) books suitable for high school grades.

Under the first head the subdivisions are fiction and miscellaneous; under the second and third, history, biography, travels, science and natural history, fiction, poetry, and miscellaneous. A list of reference books and one of professional books for teachers are added.

We have endeavored to exclude all sectarian and partisan books.

The books for primary grades have been selected with special care, and we hope will be found to be especially interesting and instructive. We have aimed to include the works of only the best writers of each class of books.

The list gives the retail price of each book. Baltimore booksellers have agreed to furnish the books on the list to public school libraries at a discount of from 10 to 33½ per cent. We respectfully recommend you to deal with them. Some publishers allow a larger discount to dealers than others, and we consider the above offer fair and liberal. You can select a list of books and send it to your bookseller for net prices before purchasing.

It is recommended that libraries be kept in substantial bookcases, and that books be covered with stout paper before they are used.

This list will be furnished to district schools having libraries or proposing to purchase libraries, through the school examiner or directly from this office, upon application, inclosing 4 cents in postage stamps.—E. B. PRETTYMAN, *State superintendent of public instruction*. (School laws, 1893.)

NEW YORK.

35. (Public and free libraries and museums.) All provisions of sections 35 to 51 shall apply equally to libraries and museums, and the word "library" shall be construed to include reference and circulating libraries and reading rooms.

36. (Establishment.) By majority vote at any election, any city, village, town, school district, or other body authorized to levy and collect taxes, or by vote of its common council, any city, or by vote of its trustees, any village, may establish and maintain a free public library, with or without branches, either by itself or in connection with any other body authorized to maintain such library. Whenever twenty-five taxpayers shall so petition, the question of providing library facilities shall be voted on at the next election or meeting at which taxes may be voted, provided that due public notice shall have been given of the proposed action.

37. (Subsidies.) By similar vote money may be granted toward the support of libraries not owned by the public, but maintained for its welfare and free use: *Provided*, That such libraries shall be subject to the inspection of the regents and registered by them as maintaining a proper standard; that the regents shall certify what number of the books circulated are of such a character as to merit a grant of public money, and that the amount granted yearly to libraries on the basis of circulation shall not exceed ten cents for each volume of the circulation thus certified by the regents.

38. (Taxes.) Taxes in addition to those otherwise authorized may be voted by any authority named in section 36, and for any purpose specified in sections 36 and 37, and

shall, unless otherwise directed by such vote, be considered as annual appropriations therefor till changed by further vote, and shall be levied and collected yearly, or as directed, as are other general taxes; and all money received from taxes or other sources for such library shall be kept as a separate library fund, and expended only under direction of the library trustees on properly authenticated vouchers.

39. (Trustees.) Such libraries shall be managed by trustees, who shall have all the powers of trustees of other educational institutions of the university as defined in this act: *Provided*, Unless otherwise specified in the charter, that the number of trustees shall be five; that they shall be elected by the legal voters, except that in cities they shall be appointed by the mayor, with the consent of the common council, from citizens of recognized fitness for such position; that the first trustees determine by lot whose term of office shall expire each year, and that a new trustee shall be elected or appointed annually, to serve for five years.

40. (Incorporation.) Within one month after taking office the first board of trustees shall apply to the regents for a charter in accordance with the vote establishing the library.

41. (Reports.) Every library or museum which receives State aid or enjoys any exemption from taxation or other privilege not usually accorded to business corporations shall make the report required by 25 of this act, and such report shall relieve the institution from making any report now required by statute or charter to be made to the legislature, or to any department, court, or other authority of the State. These reports shall be summarized and transmitted to the legislature by the regents with the annual reports of the State library and State museum.

42. (Use.) Every library established under this act shall be forever free to the inhabitants of the locality which establishes it, subject always to rules of the library trustees, who shall have authority to exclude any person who wilfully violates such rules; and the trustees may, under such conditions as they think expedient, extend the privileges of the library to persons living outside such locality.

43. (Injuries to property.) Whoever intentionally injures, defaces, or destroys any property belonging to or deposited in any incorporated library, reading room, museum, or other educational institution, shall be punished by imprisonment in a State prison for not more than three years, or in a county jail for not more than one year, or by a fine of not more than five hundred dollars, or by both such fine and imprisonment.

44. (Detention.) Whoever wilfully detains any book, newspaper, magazine, pamphlet, manuscript, or other property belonging to any public or incorporated library, reading room, museum, or other educational institution, for thirty days after notice in writing to return the same, given after the expiration of the time which by the rules of such institution such article or other property may be kept, shall be punished by a fine of not less than one nor more than twenty-five dollars, or by imprisonment in the jail not exceeding six months, and the said notice shall bear on its face a copy of this section.

45. (Transfer of libraries.) Any corporation, association, school district, or combination of districts may, by legal vote duly approved by the regents, transfer the ownership and control of its library, with all its appurtenances, to any public library in the university, and thereafter said public library shall be entitled to receive any money, books, or other property from the State or other sources to which said corporation, association, or school district would have been entitled but for such transfer, and the trustees or body making the transfer shall thereafter be relieved of all responsibility pertaining to property thus transferred.

46. (Local neglect.) If the local authorities of any library supported wholly or in part by State money fail to provide for the safety and public usefulness of its books, the regents shall in writing notify the trustees of said library what is necessary to meet the State's requirements, and on such notice all its rights to further grants of money or books from the State shall be suspended until the regents certify that the requirements have been met; and if said trustees shall refuse or neglect to comply with such requirements within sixty days after service of such notice, the regents may remove them from office and thereafter all books and other library property wholly or in part paid for from State money shall be under the full and direct control of the regents who, as shall seem best for public interests, may appoint new trustees to carry on the library, or may store it or distribute its books to other libraries.

47. (Loans of books from State.) Under such rules as the regents may prescribe, they may lend from the State library, duplicate department, or from books specially given or bought for this purpose, selections of books for a limited time to any public library in this State under visitation of the regents, or to any community not yet having established such library, but which has conformed to the conditions required for such loans.

48. (Advice and instruction from State library officers.) The trustees or librarian or any citizen interested in any public library in this State shall be entitled to ask from the officers of the State library any needed advice or instruction as to a library

building, furniture and equipment, government and service, rules for readers, selecting, buying, cataloguing, shelving, lending books, or any other matter pertaining to the establishment, reorganization, or administration of a public library. The regents may provide for giving such advice and instruction either personally or through printed matter and correspondence, either by the State library staff or by a library commission of competent experts appointed by the regents to serve without salary. The regents may, on request, select or buy books, or furnish instead of money apportioned, or may make exchanges and loans through the duplicate department of the State library. Such assistance shall be free to residents of this State as far as practicable, but the regents may, in their discretion, charge a proper fee to nonresidents or for assistance of a personal nature or for other reason not properly an expense to the State, but which may be authorized for the accommodation of users of the library.

49. (Use of fees and fines.) The regents may use receipts from fees, fines, gifts from private sources, or sale of regents' bulletins and similar printed matter, for buying books or for any other proper expenses of carrying on their work.

50. (Apportionment of public library money.) Such sum as shall have been appropriated by the legislature as public library money shall be paid annually by the treasurer, on the warrant of the controller, from the income of the United States deposit fund, according to an apportionment to be made for the benefit of free libraries by the regents in accordance with their rules and authenticated by their seal: *Provided*, That none of this money shall be spent for books except those approved or selected and furnished by the regents; that no locality shall share in the apportionment unless it shall raise and use for the same purpose not less than an equal amount from taxation or other local sources; that for any part of the apportionment not payable directly to the library trustees the regents shall file with the controller proper vouchers showing that it has been spent in accordance with law exclusively for books for free libraries or for proper expenses incurred for their benefit, and that books paid for by the State shall be subject to return to the regents whenever the library shall neglect or refuse to conform to the ordinances under which it secured them.

51. (Abolition.) Any library established under this act may be abolished only by a majority vote at a regular annual election, ratified by a majority vote at the next annual election. If any such library is abolished its property shall be used first to return to the regents, for the benefit of other public libraries in that locality, the equivalent of such sums as it may have received from the State or from other sources as gifts for public use. After such return any remaining property may be used as directed in the vote abolishing the library; but if the entire library property does not exceed in value the amount of such gifts it may be transferred to the regents for public use, and the trustees shall thereupon be freed from further responsibility. No abolition of a public library shall be lawful till the regents grant a certificate that its assets have been properly distributed and its abolition completed in accordance with the law.

52. (Laws repealed.) Of the laws enumerated in the schedule hereto annexed that portion specified in the last column is repealed.

53. (Saving clause.) The repeal of a law or any part of it by this act shall not affect or impair any act done or right accruing, accrued, or acquired, or liability, penalty, forfeiture, or punishment incurred prior to such repeal, under or by virtue of any law so repealed, but the same may be asserted, enforced, prosecuted, or inflicted as fully and to the same extent as if such law had not been repealed; and all actions and proceedings, civil or criminal, commenced under or by virtue of the laws so repealed and pending at the time of such repeal, may be prosecuted and defended to final effect in the same manner as they might under the laws then existing, unless it shall be otherwise specially provided by law.

54. (Construction.) The provisions of this act, so far as they are substantially the same as those of the laws herein repealed, shall be construed as a continuation of such laws, modified or amended according to the language employed in this act, and not as new enactments. Repeals in this act shall not revive any law repealed by any law hereby repealed, but shall include all laws amendatory of the laws hereby repealed. References in laws not repealed to provisions of law incorporated in this chapter and repealed shall be construed as applying to the provisions so incorporated. Nothing in this act shall be construed to repeal any provision of the criminal or, penal code.

55. (To take effect.) This act shall take effect immediately. [Approved, May 14, 1892. Laws of New York, 1892, chapter 573.]

COMMON SCHOOL AND PUBLIC LIBRARIES.

SECTION 1. So much of the school library money as shall be needed for that purpose shall be apportioned among the several cities and school districts by the State superintendent of public instruction, who may, so far as consistent with law, make alter, or repeal any rules that he may deem proper for regulating the expenditure of

the school library money and the administration and care of school libraries established or maintained under authority of this act: *Provided*, That no portion of the school library money shall be expended except for books approved by the said superintendent. Said school libraries shall consist of reference books for use in the schoolroom, suitable supplementary reading books for children, or books relating to branches of study being pursued in the school, and pedagogic books as aids to teachers. And no city or school district shall share in the apportionment unless it shall raise and use for the same purpose an equal amount from taxation or other local sources, and shall also comply with the requirements of the superintendent as to the care of such libraries and otherwise. Library moneys shall be apportioned to the school districts and parts of school districts joint with parts in any city or in any adjoining county which shall be entitled to participate therein, as follows: To each of said districts an amount equal to that which shall have been raised in said district for library purposes, either by tax or otherwise; and if the aggregate amount so raised in the districts within the county shall exceed the sum apportioned to the county the said districts respectively shall be entitled to participate in such apportionment *pro rata* to the total amount apportioned to the county. All school library money unapportioned by school commissioners and remaining in the hands of county treasurers shall, in each succeeding year, be added to the school library money apportioned by the superintendent of public instruction to the counties of the State.

SEC. 2. The school library shall be a part of the school equipment and shall be kept in the school building at all times, and shall not be used as a circulating library, except that, so far as the rules fixed by the State superintendent shall allow, teachers and school officers or pupils, with the leave of the librarian, may borrow from said library any book not needed for reference in the schoolroom, but such persons shall not borrow more than one volume at a time and shall not keep the same more than two weeks. The board of education or trustees shall appoint a teacher of the schools under their charge as librarian, who, with the trustees, shall be responsible for the safety and proper care of the books, and shall annually, and whenever required, make such reports concerning the library as the State superintendent may direct.

SEC. 3. All existing provisions of law and rules established by the superintendent of public instruction for the management of district libraries shall hold good as to the management of school libraries till altered by or in pursuance of law.

SEC. 4. Each city and school district in the State is hereby authorized to raise moneys by tax in the same manner as other school moneys are raised, or to receive moneys by gift or devise, for starting or extending or caring for the school library.

SEC. 5. Any board of education in any city or union free school district, or any duly constituted meeting in any other district, is hereby authorized to give any or all of its books or other library property to any township or other free public library under State supervision, or to aid in establishing such free public library, provided it is free to the people of such city or district. A receipt from the officers of the said free public library, and an approval of the transfer under seal by the regents of the university, shall forever thereafter relieve the said school authorities of further responsibility for the said library and property so transferred.

SEC. 6. Any books or other library property belonging to any district library, and which have not been in direct charge of a librarian duly appointed within one year, may be taken and shall thereafter be owned by any public library under State supervision, which has received from the regents of the university written permission to collect such books or library property, and to administer the same for the benefit of the public: *Provided*, That said books or other library property shall be found in the territory for which such public library is maintained, as defined in its charter or in the permission granted by the regents: *And further provided*, That, on written request of the school authorities, any dictionaries, cyclopedias, and pedagogic books shall be placed in the school library of the district to which such books originally belonged. Any person, association, or corporation having possession of books or other property belonging to any school, district, or other public library, except books regularly borrowed and charged for a period not yet expired, shall deliver the same within one month from the passage of this law to the legally appointed librarian of such library or of the free public library, duly authorized to take the same, as provided in this section, and willful neglect or refusal to comply with this provision shall be a misdemeanor.

SEC. 7. The public shall not be entitled to use any library, now or hereafter in the custody of the school authorities; but said authorities may appoint three trustees who shall have the powers, duties, and responsibilities of trustees of public libraries incorporated by the regents, and thereafter the school authorities may transfer to the custody of said trustees, for the purposes of a circulating library, any of their library property, as provided in section five.

SEC. 8. The State superintendent of public instruction is hereby authorized to withhold its share of public school moneys from any city or district which uses school library moneys for any other purpose than that for which they are provided, or

for any willful neglect or disobedience of the law or the rules or orders of said superintendent in the premises.

SEC. 9. The sum of fifty-five thousand dollars, directed to be distributed to the several cities and school districts of the State by section four of chapter two hundred and thirty-seven of the laws of eighteen hundred and thirty-eight, shall continue to be appropriated and shall be known as school library moneys, and shall be applied to the purchase of books for the formation or extension of common school libraries.

SEC. 10. For the fiscal year beginning October first, eighteen hundred and ninety-two, but not thereafter, out of said fifty-five thousand dollars, school library money, there shall be paid twenty-five thousand dollars for public library money, and said twenty-five thousand dollars shall be paid by the treasurer, on the warrant of the comptroller, according to an apportionment to be made for the benefit of free libraries by the regents in accordance with their rules and authenticated by the university seal: *Provided*, That none of this money shall be spent for books except those approved or selected and furnished by the regents; that no locality shall share in the apportionment unless it shall raise for the same purpose not less than an equal amount from taxation or other local sources; that for any part of the apportionment not payable directly to the library trustees the regents shall file with the comptroller proper vouchers showing that it has been spent in accordance with law exclusively for books for free public libraries or for proper expenses incurred for their benefit, and that books paid for by the State shall be subject to return to the regents whenever the library shall neglect or refuse to conform to the ordinances under which it secured them.

SEC. 11. XXI. *And be it further enacted, by the authority aforesaid*, That in case of the death or removal of the said Library-keeper, the Churchwardens of St. Thomas's Parish shall immediately take into their custody, possession, and safe keeping, all the books belonging to the said Library, and shall be answerable for the same to the Commissioners hereafter in this Act nominated.

XXII. *And be it further enacted, by the authority aforesaid*, That the Churchwardens of St. Thomas's Parish, in Pamptico, upon the receiving the books belonging to the

said Library, shall compare the same with the catalogue and receipt for the same in their custody; and if any of the books are wanting or damaged, they shall give an account thereof, in twenty days at farthest, to the Commissioners hereafter mentioned, who are empowered to sue the said Library-keeper, or in case of his death, his executors or administrators, for the same: And in case the said Churchwardens refuse or neglect to give such account, then the said Churchwardens, their heirs, executors, or administrators, and every of them, are hereby made accountable to the Commissioners hereafter named for all the books belonging to the said Library, and contained in the catalogue thereof.

XXIII. *And be it further enacted, by the authority aforesaid,* That the said Commissioners, or any five of them, within twenty days after such notice given, shall forthwith proceed to the election of another Library-keeper, to whose custody and safe keeping the said Library, and every book therein contained, shall be forthwith delivered by the said Churchwardens, by order of the said Commissioners; which said Library-keeper so elected, shall continue in the same office, unless removed by the said Commissioners, or the major part of them, (which they are, upon a just occasion, hereby empowered to do,) or until the settlement of a minister in the said Parish; which said minister or incumbent shall, ex officio, be Library-keeper, and shall be answerable for the same to the Commissioners aforesaid, in manner as is by this Act directed.

XXIV. *Provided always,* That the said Library shall not be removed out of Bath-Town, other than to the incumbent's house; and not thither, without liberty first had and obtained from the said Commissioners, or the major part of them.

ARTICLE VI.—*District school board library.*

SEC. 74. (S. 14, c. 56, 1891.) It shall have power to purchase and keep for the use of the inhabitants of the school district a circulating library of the value of not more than fifty (50) dollars, to be selected by the school board from any list of books approved by the State superintendent and furnished to the county superintendents for that purpose, and it shall not purchase any books not contained in such list. With the consent of a majority of the voters of the school district at a meeting duly called for that purpose, due notice of which has been given as provided by law for other meetings of the voters of a school district, the district school board may purchase and select a library of the value of more than fifty (50) dollars but not to exceed five hundred (500) dollars in value. It shall have the care and custody of the library, and may appoint as librarian any person suited thereto, including one of their number. It shall make rules to govern the circulation and care of the books while in the hands of the pupil or other person, and shall prescribe and collect penalties for the injury done any book by the act, negligence, or permission of the person who draws the same or while in his possession. No book shall be loaned for a longer period than two weeks at any time to any one person, and never to any person not a

resident of the district. The library shall be open at least once each week for the accommodation of its patrons. It shall, under proper rules, permit teachers to take books from the library to their schools for use in illustrating any subject, and for instruction. It may at any time exchange any part or all of its library with any district or person, so far as different books may be so obtained for equal values of the books exchanged, and may at any time accept donations of books for the library, but it shall exclude therefrom all books unsuited to the cultivation of good character and good morals and manners, and no sectarian publications, devoted to discussions of sectarian differences and creeds, shall be admitted to the library.

OHIO.

LIBRARY LEGISLATION.

SECTION 3995. (a) In any district the board of education may appropriate money from the contingent fund for the purchase of such books, other than school books, as it may deem suitable for the use and improvement of the scholars and teachers of the district and in the purchase of philosophical or other apparatus for the demonstration of such branches of education as may be taught in the schools of the district, or for either of such purposes; but not more than one-half of the amount herein authorized to be appropriated shall be expended in the purchase of such apparatus; (b) such appropriations shall not exceed, in any one year, twelve hundred dollars in city districts containing cities of the first grade of the first class, three hundred dollars in other city districts of the first class, one hundred and fifty dollars in city districts of the second class, and seventy-five dollars in other districts; and the books so purchased shall constitute a school library, the control and management of which shall be vested in the board of education. The board of education of any city of the second class, fourth grade, having a free public library organized, in pursuance of law, may allow such free public library association the use and control of the public school library, subject, however, to such rules, regulations, and restrictions as said board of education may prescribe for the use and control thereof. [72 v., 29, § 51; 78 v., 110.]

SECTION 1. *Be it enacted by the general assembly of the State of Ohio*, That the board of education (c) of city, village, township, and special school districts in the State be, and are hereby, authorized to purchase for each school in either of said districts one copy of "Howe's Historical Collections of Ohio," to be used as a reference book in the study of the history of the State: *Provided*, That said book shall be in quality, style, binding, and finish equal to the present published edition of said work, bound in half Russian leather, and shall cost not to exceed three dollars per volume for each set of the three volumes; *Provided further*, That the price of the books and cost of transportation shall be paid out of the contingent fund of such district.

SEC. 2. Said books during the vacation of schools, or when the schools are not in session, shall be taken care of in the same manner that maps, globes, dictionaries, and other school apparatus are cared for and preserved.

SEC. 3. This act shall take effect and be in force from and after its passage. [Passed April 8, 1892 (d).]

SEC. 3996. For the purpose of increasing and maintaining the school library of city districts the board of education may levy annually a tax of one-tenth of one mill on the dollar valuation of the taxable property thereof, to be assessed, collected, and paid in the same manner as are other school taxes of such districts. [64 v., 62, § 1.]

SEC. 3997. The amount of such tax, when collected, shall be expended, under the direction of the board, for the purchase of such books as are suitable for public school libraries, the bills for which, with the attendant expenses, shall be certified by the president and clerk and paid by the treasurer of the school funds. [64 v., 62, § 2.]

SEC. 3998. The board may appoint a librarian, fix his compensation, and make all needful rules and regulations for the management of the library, to which every family resident in such city districts shall have access. [64 v., 62, § 3.]

SEC. 3995 (a). For the establishment of a public library by township trustees, see Revised Statutes, sections 1476-1478. For powers of city and village councils, see section 1692, Revised Statutes.

b. The question sometimes arises as to what is apparatus. It is not customary to regard maps and charts as such. These, like clocks, desks, blackboards and blackboard furniture, would be classed among the essentials for furnishing a school, and they may probably be purchased under section 3987, as provisions necessary for the convenience and prosperity of the schools.

c. Boards of education may purchase "school or reading charts" for use in schools of their respective districts, and are not limited to the amount authorized to be expended by the provisions of section 3995, Revised Statutes. 2 O. Circuit Reports, 363.

d. Under the statute providing for instruction as to the nature of alcoholic drinks and narcotics, and their effects on the human system, in connection with the subject of physiology and hygiene, in all grades of the schools, and which makes it the duties of boards of education to make provision for such instruction, it seems a reasonable construction of the act that such boards are authorized to purchase such anatomical studies and charts as they may deem it necessary to give this instruction successfully without regard to limitations as to the amount to be expended, set forth in this section 3995.

SEC. 3999. In cities not having less than twenty thousand inhabitants, the board of education having custody of any public library therein may at any regular meeting adopt a resolution providing for a board of managers of such library, and shall thereupon elect, by ballot, two persons to serve as members of such board for a term of three years, two persons to serve for a term of one year; and annually thereafter two persons shall be elected to serve for a term of three years; all vacancies in such board shall be filled by the board of education by ballot, and a person so elected shall serve during the unexpired term of his predecessor; the president of the board of education shall be a member of the board of managers ex officio; and the board of managers shall at all times be amenable to and under the control of the board of education, as to tenure of office and authority, and shall serve without compensation. [64 v., 100, § 1.]

SEC. 4000. The public library board of the city of Cleveland shall consist of seven suitable persons, residents of said city, no one being a member or officer of the board of education. The members of the library board shall serve without compensation, and hold their offices for three years, and until their successors shall have been elected and qualified, except that at the first election two of the board shall be elected for one year, two for two years, and three for three years. After said first election so many shall be elected each year as equals the number whose term expires that year. They shall be elected by roll call, as in other cases, by the board of education of the city of Cleveland at its first regular meeting after the third Monday of April, 1886, and annually thereafter as hereinbefore provided. The board of education shall have power at any time to fill vacancies in the library board for unexpired terms by election as aforesaid. [75 v., 101, § 7; 80 v., 172; 83 v.; 104.]

SEC. 4001. Such library board shall report in writing to the board of education once each year, and oftener if required by the latter, shall have exclusive charge and control of the public library of the city, and shall have full power to make all rules and regulations for the government and management thereof; to employ a librarian and such assistants and helps as may be needed for the care and protection of the library, and to attend to the drawing and return of books; but prior to such employment the compensation of such librarian, assistants, and help, shall be fixed by the library board, by a majority of the members thereof voting in favor of such compensation on roll call by the secretary, and such librarian, assistants, and help shall be employed by a vote in the same manner. [76 v., 50, § 2; 78 v., 132; 80 v., 172.]

SEC. 4002. For the purpose of increasing and maintaining the public library in said city, and the territory thereto attached for school purposes, such library board may levy annually a tax of two and one-half tenths of one mill on each dollar valuation of the taxable property of the city and the territory thereto attached for school purposes, to be levied, collected, and paid in the same manner as are the school taxes of the city; all moneys appropriated, received, or collected by tax for the library shall be expended under the direction of the library board in purchasing such books, pamphlets, papers, magazines, periodicals, journals, and other property as may be deemed suitable for the public library, and in payment of all other charges and expenses, including compensation to the librarian, assistants and help that may be incurred in increasing and maintaining the library; and the pay rolls and all warrants upon the treasurer given to pay such expenditures, upon the order of the library board, be certified by the president and secretary of such board, and paid by the treasurer of the city from such library fund. [76 v., 50, § 3; 80 v., 103.]

SEC. 4003. In all cities, which at the last Federal census had, or at any subsequent Federal census may have, a population of ten thousand five hundred and ninety-two, it shall be lawful to merge any public library therein heretofore established with any other library or reading room therein existing; but the library formed by such consolidation shall be kept open for the use of the public at all reasonable hours. [75 v., 541, § 1; 76 v., 27, § 1.]

SEC. 4004. The board of education of every such city shall, at its first regular meeting after the second Monday in June, 1879, elect by ballot three suitable persons, residents of the city, but other than members of such board, who shall be known as the library committee of the city, one to serve for one year, one for two years, and one for three, and until their successors are duly elected and qualified, and shall, annually thereafter, elect in like manner one person with the same qualifications, to serve for three years, and until his successor is elected and qualified, and any vacancy in such committee shall be filled for the unexpired term at its first regular meeting of the board held after the same occurs. [75 v., 541, § 2; 76 v., 97, § 2.]

SEC. 4005. Such committee shall report in writing to the board of education at least once each year, and oftener if required by the board, and shall have entire charge and control of the school library in the city, with full power to make all rules and regulations for the government and regulation thereof, to employ a librarian, and such assistants and help as may be needed for its care and protection, and to require of the librarian such bond as they may deem proper for the faithful performance of his duties, and to attend to the drawing and return of books; but the salary

of such librarian, and the rate of compensation of such assistants and help, shall be fixed by resolution prior to such employment. [76 v., 97, § 3.]

SEC. 4006. For the purpose of increasing and maintaining school libraries in cities mentioned in section forty hundred and three of the Revised Statutes of Ohio, and the territory thereto attached for school purposes, such library committee in such cases is authorized to annually levy a tax of two-tenths of one mill on the dollar valuation of the taxable property of such cities aforesaid, and the territory thereto attached for school purposes, to be assessed, collected, and paid in the same manner as are the school taxes of such cities; and all money appropriated or collected by tax for such library shall be expended under the direction of said library committee in the purchase of such books, pamphlets, papers, magazines, periodicals, and journals as may be deemed suitable for the public school library, and in payment of all other costs and charges, including the salaries of the librarian and assistants, that may be incurred in maintaining such libraries, the bills and pay rolls for which said expenditures shall, upon the order of the library committee, be certified by the chairman and secretary of such committee, and paid by the treasurer of the board of education of said city from such library fund. [55 v., 541, § 2; 76 v., 97, § 4; 78 v., 176.] [Ohio school laws, 1893.]

PENNSYLVANIA.

DISTRICT SCHOOL LIBRARIES.

269. That whenever, by subscription or otherwise, a collection of books, or funds to purchase the same, shall have been obtained to form a public library in and for any common school district in this Commonwealth, it shall be the duty of the board of directors thereof, for the time being, to select the most suitable schoolhouse therein in which said library shall be placed, preferring, if otherwise expedient, the schoolhouse in which the district institute is held, and to provide out of the school funds of the district a suitable case or cases for said library, and for such additional books as may annually be added thereto.

271. That the legal possession and ownership of the books, cases, and other appendages of the district library shall be and remain in the proper board of directors and their successors in office as trustees for the district, and that the felonious taking and carrying away thereof, or of any part thereof, or of any book, article of apparatus or furniture, from or belonging to any common schoolhouse, shall and is hereby declared to be larceny, and the breaking into a common schoolhouse at night with intent to commit larceny, as herein set forth, or any felony, shall and is hereby declared to be burglary, and that any larceny or burglary so committed shall be punished as in other cases under existing statutes.

272. That any person over twelve years of age, and resident in the proper district, whether contributor or not to the library, shall be entitled, without charge, to the use of the books thereof, according to the rules and regulations thereof; but that no book shall be issued to any minor without the order of his or her parent, guardian or master, who shall thereupon become liable to all the penalties for the abuse, loss, or undue detainment of any book by said minor; and all entries of the issue of books duly made in the library list by the librarian at the time of such issue shall be prima facie evidence thereof in a suit for any penalty, or for the value of any book.

273. That the proper board of directors, and their successors in office, shall make, and from time to time as shall be proper, alter and amend the necessary rules and regulations for the care, issue, use, and return of the books of the district library, and ordain such penalties for the abuse, loss, or undue detainment thereof as to them shall seem just and proper, which penalties shall be recoverable as debts of like amount are now by law recoverable; and such penalties shall either be payable to the librarian in compensation of his services, or into the library fund, as the proper board of directors shall determine.

274. That the secretary of the proper board of directors, or such other member as

the board may select, shall be the general librarian of the district library; and that the principal teacher of the school held in the house in which the library is kept shall be the assistant librarian while in charge of said school, and while so in charge such assistant librarian shall have the charge of the library, so far as relates to the care, issue, and return of the books, and the keeping of the list thereof; but that neither the librarian as secretary, nor the assistant as teacher, on going out of office shall receive his final instalment of salary till he shall first have accounted for all the books belonging to the library to the satisfaction of the proper board.

275. That when the pupils or other persons connected with the common school shall have procured books or funds for the purchase of books for a school library therefor, it shall be the duty of the directors of the proper district to provide out of the school funds of the district a suitable case therefor, and also for such additions as may subsequently from time to time be made thereto; and the selection and purchase of the books for such school library, and of all additions thereto, shall be made by a committee composed of the teacher of the school for the time being and of not less than two parents of pupils attending such school, to be chosen by all the attending pupils; but that no books shall be donated to or placed in said library without the approval of the proper selecting committee, and that it shall not be lawful for the board of directors to appropriate any of the funds of the district to the purchase of books for said school library.

276. That all the pupils of the proper school, and no other, shall be entitled to the use of the books of said library at their homes, subject to such rules relating to the care, use, and return thereof as the aforesaid committee for the selection and purchase thereof shall from time to time establish; and that one of the pupils of said school, to be selected by the other pupils, with the consent of the selecting committee aforesaid, shall be the librarian of the school library.

277. That the legal possession and ownership of the school library shall be in the proper board of directors; the felonious taking thereof shall be larceny, the issue list thereof shall be prima facie evidence of delivery, and the penalties for the abuse, loss, or detention of books shall be recoverable as hereinbefore provided in the case of district libraries.

278. [Pennsylvania school laws, 1894.]

RHODE ISLAND.

CHAPTER 34, SECTION 6. The electors of the city of Providence, at the annual election for members of the city council, may, by a majority vote of such electors voting, and the electors in every other town qualified to vote upon any proposition to impose a tax, or for the expenditure of money in such town, may, by a majority vote of such electors voting at the annual meeting for the election of town officers or members of the city council therein, appropriate a sum not exceeding twenty-five cents on each one hundred dollars of the ratable property of such town in the next year preceding such appropriation, for the foundation therein of a free public library, with or without branches, for all the inhabitants thereof, and to provide suitable rooms for such library, which shall be used under such regulations as may from time to time be prescribed by the town council of such town or city council of such city.

SEC. 7. Any town having established a free public library therein, in manner as aforesaid, may annually, by the majority vote of the electors thereof, qualified as aforesaid, and voting on the proposition, appropriate a sum not exceeding twenty cents on each one thousand dollars of its ratable property, in the next year preceding such appropriation, for the maintenance and increase of such library therein, and may take, receive, hold, and manage any devise, bequest, or donation for the establishment, increase, or maintenance of a public library therein, to be under such regulations for its government, when they are not prescribed by its donor, as may from time to time be prescribed by the town council of such town or the city council of such city: *Provided*, That the town of Pawtucket may appropriate a sum not exceeding thirty cents on each one thousand dollars of its ratable property.

CHAPTER 47, SECTION 6. The board of education may cause to be paid annually to and for the use of each free public library established and maintained in the State, and to be expended in the purchase of books therefor, a sum not exceeding fifty dollars for the first five hundred volumes included in such library, and twenty-five

dollars for every additional five hundred volumes therein: *Provided*, That the annual payment for the benefit of any one such library shall not exceed the sum of five hundred dollars.

SEC. 7. The board of education shall from time to time establish rules prescribing the character of the books which shall constitute such a library as will be entitled to the benefits conferred by the preceding section, regulating the management of such library so as to secure the free use of the same to the people of the town and neighborhood in which it shall be established, and directing the mode in which the sums paid in pursuance of this chapter shall be expended. No library shall receive any benefit under the foregoing provisions, unless such rules shall have been complied with by those in charge thereof, nor until they shall have furnished to said board satisfactory evidence of the number and character of the books contained in said library.

SEC. 8. Every payment herein authorized shall be made by the general treasurer upon the order of the commissioner of public schools, approved by the board of education, and payable to the librarian or other person having charge of such library or of the funds applied to its support designated by said board.

CHAPTER 242, SECTION 45. Every person who wilfully and maliciously or wantonly and without cause writes upon, injures, defaces, tears, or destroys any book, pamphlet, plate, picture, engraving, or statue, or other property belonging to any law, town, city, or other free public library, or suffers any such injury to be inflicted while said property is in his custody, shall be fined not less than one dollar nor more than ten dollars, the same to be for the use of the library.

SEC. 46. Every person who shall take or borrow from any law, town, city, or other free or public library any book, pamphlet, paper, or other property of said library, and who upon neglect to return the same within the time required and specified in the by-laws, rules, or regulations of the library owning the property, has been notified by the librarian or other proper custodian of the property that the same is overdue, shall upon further neglect to return the same within two weeks from date of such notice be considered to have unlawfully converted the property of the library to his own use. A written or printed notice, given personally or sent by mail to the last known or registered place of residence, shall be considered a sufficient notice.

CHAPTER 395, SECTION 1. Every town not owning a free public library may at the annual town meeting appropriate a sum not exceeding twenty cents on each one thousand dollars of its ratable property in the year next preceding such appropriation for the maintenance and increase of any free public library therein.

In case any library, or funds for the establishment thereof, may be offered to any city or town on the condition that said library shall be maintained as a free public library, the city council of any city, or town council of any town, is hereby authorized to accept such gift in behalf of the city or town.

SEC. 2. Whenever any city or town shall establish a free public library, or shall become possessed, as above provided, of any such library, the aforesaid city council or town council, as the case may be, shall proceed to elect a board of trustees, to consist of not less than three members nor more than seven. As soon as possible after the election of the first board the members thereof shall meet and be divided by lot into three groups or classes, the terms of office of one group expiring in one year from the date of their election, those of another group in two years, and those of the remaining group in three years. With the expiration of the term of office of any member the vacancy shall be filled by the city council or town council, as the case may be, for the term of three years. Vacancies occurring by resignation, removal, death, or otherwise shall be filled as above for the unexpired term thereof.

SEC. 3. The aforesaid trustees shall take possession of said libraries, and shall thereafter be the legal guardians and custodians of the same. They shall provide suitable rooms for the library, arrange for the proper care of the same, choose one or more competent persons as librarians, and fix their compensation, and make all needful rules and regulations for the government of the library and the use of the books, provided that no fee for the use of the books shall ever be exacted.

SEC. 4. Each city or town acting under this chapter shall annually appropriate for the support of the public library an amount at least as much as that which the library shall receive from the State. All appropriations from the city or town and State, and the income of all funds belonging to the library, shall be subject to the exclusive control of the trustees, and the several city and town treasurers shall pay, within the limits of the appropriations and other library funds in their hands, all bills certified by the said trustees.

SEC. 5. In case of any bequest, legacy, or gift to or in favor of a public library, the trustees thereof are hereby authorized and empowered to accept the same in behalf of and for the use of the library, and their receipt shall be a full and sufficient discharge and release to any executor, administrator, or other person authorized to make the payment thereof.

SEC. 6. All acts and parts of acts inconsistent herewith are hereby repealed. [Public Statutes of Rhode Island, 1882-83.]

AN ACT to authorize cities and towns to establish and maintain free public libraries and reading rooms.

Be it enacted by the legislature of the State of Utah:

SECTION 1. SEC. 2. Such acting trustees may make, sign, and acknowledge before any officer authorized to take acknowledgments of deeds in this State and file in the office of the secretary of state a statement in writing in which shall be set forth the intent of such trustees to form a corporation under this act; a copy of the will or other instrument by which endowment of said library has been provided; the name adopted for the proposed corporation (which shall not be the name of any other corporation already existing); the city, village, or town in which the library and the principal place of business of the corporation will be located; the number of managers who may be denominated trustees, managers, or directors of the corporation; and the names of the trustees, managers, or directors who are to constitute the original board of such officers, and who shall hold until their successors respectively are elected and qualified, as in this act provided.

SEC. 3. Upon the filing in his office of such statement as aforesaid, the secretary of state shall issue to the incorporators, under his hand and the seal of State, a certificate, of which the aforesaid statement shall be a part, declaring that the organiza-

In transmitting the above, Hon. John E. Massey, State superintendent of public instruction of Virginia, observes: "I regret to say that nothing, practically, has been done in this State looking to the organization of school libraries. In several of the cities some attention has been paid to the matter, but nothing like a movement has ever been made in the State, so far as I know.

"The State constitution provides that 'The board of education (State) shall provide for uniformity of text-books and the furnishing of schoolhouses with such apparatus and library as may be necessary, under such regulations as may be provided by law.'

"The statute provides that 'uniformity of text-books and the furnishing of schoolhouses with such apparatus and library as may be necessary shall be provided for on some gradual system by the board of education.'"
